ACKNOWLEDGEMENT

If we sit in meditation, we can experience the light waiting for us within. Let us not be distracted by the darkness of thought, but instead sit in stillness and wait lovingly for God to shine light upon us.

This is to place on record my deep gratitude to all those who have helped me to complete my research. There are many who gave me whole hearted support and co-operation.

I am grateful to my parents from core of my heart who first introduced me to this great global language English right from the beginning.

I would like to express my deep sense of gratitude and indebtedness to my supervisor Dr. (Mrs.) Shukla Banerjee, Professor and Head, Department of English, Government College of Science, Raipur, (C.G.) for all the help and co-operation she has provided to me to complete this work. She gave me her precious guidance and helped me at every stage of my arduous work. Her minute scrutiny of my thesis has gone a long way in helping me rectify all errors and perfect it to the best of my ability. But for her unusual intelligence and able guidance, this thesis would not have materialized.

I am also grateful to my co-supervisor Dr.(Mrs.) Madhu Kamra, Professor and Head, Department of English, Durga Arts College, Raipur, (C.G.), for the useful discussions and valuable suggestions which helped me to improve my thesis.
I owe my sincere thanks to Dr. A.K.Nema, Principal, Government College, Dantewada (C.G.) {former principal, Government College, Abhanpur, Raipur, (C.G.)} for permitting me to pursue this research and also for the encouragement and motivation given to me.

I would also like to acknowledge my sincere thanks to Dr. (Mrs.) Nanda Nema, Professor and Head, Department of Political Science, Chhattisgarh College, Raipur, (C.G.) for the encouragement I received from her.

In procuring reference material, I remember with gratitude the help rendered by American Library, Mumbai, OUCIP, Hyderabad.

I am also thankful to Dr.S.S.Khanuja, Principal, Durga Arts College,Raipur (C.G.), for providing the research centre facilities in the college.

My special thanks are due to my husband Mr. Atul Chaturvedi who helped me in various related works to complete my thesis, my daughter Nandini Chaturvedi. They were the real inspiration and co-operative behind my research work and they have played a vital and unforgettable role in the preparation of this thesis. My special thanks to my brother Ashutosh Chaubey, competence group leader, Philips Electronics India Limited, Bangalore, for providing me the primary sources for my thesis. I take this opportunity to thank all my relatives and friends for their blessings and good wishes.
