ACKNOWLEDGEMENTS

Interdependence is certainly more valuable than independence. This thesis would not have been possible without the inspiration and support of a number of wonderful individuals. The author takes this opportunity to thank and appreciate all of them for being part of this journey and making this thesis possible.

The author takes this opportunity to thank the Almighty for the successful completion of the thesis.

The author expresses her special appreciation and thanks to Prof. Dr. G. James Pitchai, Vice chancellor, Bharathiar University, Coimbatore for his support through fostering the process of research work and kind encouragement towards finishing the thesis. The author takes this chance to thank Dr. P. K. Manoharan, Registrar, Bharathiar University for the Successful Completion of the thesis.

The author conveys her special acknowledgement to Dr. G. Ganesan, Director i/c, Research and Development centre, Bharathiar University for the valuable support provided.

Special thanks are expressed by the author to the Doctoral committee members for their determined stimulation and unreserved support at each turn of the road.

The author expresses her special gratitude to the faculty members of BSMED for their support and inspiration throughout the completion of the thesis.

At this moment of accomplishment, the author pay homage to the research supervisor and guide Dr. P. Sathyapriya, M.B.A., P.G.D.C.A., Ph.D., for her kindhearted, encouragement and personal attention which have provided good and smooth basis for the entire Ph.D. tenure. Under her
guidance the author successfully overcame many difficulties and learned a lot. She gave her guidance, support and integral view on research, inspired the author to set a high benchmark in the research work. This thesis would not have been possible without her kind care, scathing critiques, exploratory questions and outstanding perseverance. The author realize the good shape of thesis because of her help and suggestions in formatting the entire thesis. The author wishes her soul roots in peace and solace in the heaven.

The author expresses devastating gratitude to Dr. L. Manivannan, M.B.A., Ph.D., D.L., P.G.D.C.A; Associate Professor, Erode Arts and Science College (Autonomous) for his encouragement and support, especially towards the completion of this thesis.

The author acknowledges the support rendered by the Management and Principal of Nandha Engineering College (Autonomous), Erode for the successful completion of the thesis. The author is forever thankful to N. Devaraj, Head/MBA, Nandha Engineering College (Autonomous), Erode who contributed in many ways to the success of this study. It is a pleasant task of the author to express the gratitude to her colleagues who rendered their absolute support for the flourishing close of the thesis.

It is a pleasure for an author to thank Mr. R. Prabakar, Divisional Officer, LIC, Erode Zone who provide timely information for the completion of thesis. The author is grateful to her sister Dr. V. Rajeshwari, Professor in Vellalar College for Women who is always being there and selflessly encouraged me in all aspects to complete the thesis.

Finally, the author expresses her deep and sincere gratitude to her family for their continuous and unparalleled love, help and support. The author is grateful to her co-sisters, friends and brothers for their continuous support in successful completion of the thesis. The author is forever indebted to her parents who selflessly encouraged to explore new directions in life and seek own destiny.
