Acknowledgement

I would like to express my deep and sincere gratitude to Dr. Sanjib Kumar Datta, Head and Associate Professor, Department of Mathematics, University of Kalyani under whose supervision the entire thesis has been carried out. I owe a lot to him for offering me valuable suggestions for corrections and improvement of the thesis and above all for sufficiently sharing his valuable time with me from his hectic schedule.

I also express my heartiest gratitude to Dr. Tanmay Biswas for offering me valuable suggestions and corrections towards the improvement of the whole thesis.

Also I am thankful to the infrastructural support provided by the Department of Mathematics, University of Kalyani and as well as the Department of Mathematics, University of North Bengal.

I would like to thank my parents and my sister Uma for their momentous encouragement and inspiration during the preparation of this thesis.

I also wish to thank all the faculty members of the Department of Mathematics, University of Kalyani especially Prof. I. Lahiri; also all the faculty members of the Department of Mathematics, University of North Bengal especially Prof. M.K. Bose, Prof. K. K. Nandi, Dr. S. De Sarkar and Dr. D.P. Dutta for their mental support.

I warmly thank my fellow research scholars especially Mr. Samten Tamang, Assistant Professor, Department of Mathematics, University of Kalyani, Mr. Manab Biswas, Mr. Sudipta Kumar Pal, Mr. Ritam Biswas and Mr. Arkojyoti Biswas for their hearty cooperation in different ways.

I am also thankful to the respected teachers of my Schools, College and University who have taught me and made the foundation based on which I could do this research work.

I must also thank the authors of various papers and books which have been consulted during the preparation of the thesis. I will remain ever grateful to those who helped me in giving my research work a presentable finish.

However, only the author is responsible for any possible errors and shortcomings, whatever it may be in the thesis despite the best attempt to make it immaculate.
