Acknowledgments

I express my sincere and deepest gratitude to Dr. Samares Pal, Department of Mathematics, University of Kalyani and Dr. Joydev Chattopadhyay, Agricultural and Ecological Research Unit, Indian Statistical Institute, Kolkata-700108, India, under whose supervisions the entire research work included in the thesis has been carried out. I am indebted to both of my teachers for their valuable suggestions and constant help throughout the entire period of my research.

I also thank all of my respected teachers of the Department of Mathematics, University of Kalyani and all my colleagues, Maulana Azad College. I must acknowledge the support from the Library of Indian Statistical Institute, Kolkata, and Maulana Azad College, Kolkata-700013, with immense collection of relevant literature, which acted as sources of information for my thesis.

I would like to thank all the authors of the books and research papers, which I have consulted during the research work. I wish to thank Joydeb Bhattacharya, Anal Chatterjee, Satya Bagchi and all other research scholars, Department of Mathematics, University of Kalyani, for their encouragement and co-operation at different stages during the work. It would be wrong on my part not to sincerely thank my wife without whose support my talents would not have achieved success. I will remain ever grateful to those who helped me in giving my research work a good finish.
