ACKNOWLEDGEMENT

A milestone reach in the long quest of search and when I rest for the moment, I remember all those persons who inspired me to move and others who led me through the inspired path till this milestone. I wish to acknowledge my guide Dr. (Mrs.) Swarna Lata Tiwari, Professor, Dept. of Botany, Govt. Nutan Girls' College, Bhopal, who so patiently and cheerfully goaded, prodded, pushed, wheedled and coaxed me which helped in steering the present work so smoothly. Besides this she sparked into me that rare aptitude which a research student ought to posses.

I owe my gratitude to Prof. P.S. Dubey, Head, Institute of Environment Management, Vikram University, Ujjain for his dedicated assistance, inspiring guidance, professional skill and stimulating criticism throughout the cause of study.

My thanks is to Shri R.S. Choubey, Programme Director, Office of the Chief Electoral Officer, Bhopal, who went over each problem and its solution during the entire tenure with a fine toothed comb and by giving many valuable suggestions to enhance their didactic value.

With deep appreciation I acknowledge the indispensable aid and encouragement received from Mr. P. Dutta, Chemist, P.H.E. Water Testing Laboratory, B ung and Mr. C.K. Kanwar, Lab assistant, P.H.E. Water Testing Laboratory, Raigarh, who served as my keenest over the due course and provided total laboratory facility without which the work could not have let to completion.

I am thankful to Principal, Staff members of Dept. of Botany, K.G. Art's & Science College Raigarh and Dr. D.S. Thakur, Scientist, Agriculture Research Station, Boairddadar, Raigarh for their amicable co-operation.

I extend my thanks to Mr. Ashutosh Patel for patiently giving time in typing the manuscript.

I am especially thankful to my sister Ku. Tripti Agrawal, who shared my fun and friendship, smile and tears and also marshaled my time and attention to the completing demands of thesis.
