ACKNOWLEDGEMENTS

I take this opportunity to express my profound gratitude and deep regards to my guide Dr. Rajan Varughese, formerly Principal, U.C.College, Aluva, for his exemplary guidance, blessings, monitoring and constant encouragement throughout the course of this thesis.

With immense pleasure, I express my sincere gratitude and deep regards to Dr. P.G Sankaran, Professor, Department of Statistics, Cochin University of Science and Technology, for his valuable information and guidance, constant encouragement, patience, immense knowledge and affectionate attitude without which I would not have been able to complete this work satisfactorily.

I am grateful to Midhu N.N., research scholar, Department of Statistics, Cochin University of Science and Technology, for his academic and technical support given to me during this work. I am thankful to all the faculty members and research scholars of the Department of Statistics, Cochin University of Science and Technology, for their support and motivation.

The support and encouragement received from the faculty members and staff of University College of Applied Sciences, Pullarikunnu centre is deeply acknowledged. I also express my gratitude to all the faculty members of the department of Mathematics and staff of U.C.College, Aluva for their support. I also extend my warm appreciation to all my friends, relatives and well-wishers for their advice, help and encouragement. Words cannot express how grateful I am to my family, especially my children, for all of the sacrifices that you have made on my behalf.
