Acknowledgements

It is a great pleasure for me to acknowledge all those, who helped me in their own way, to make it possible for me to complete this work. I would like to take this opportunity to thank each and everyone, who have contributed in this effort to a successful completion.

First and foremost, I would like to express my deep sense of gratitude and sincere thanks to my research supervisor, Dr. Ruchika Kaul Ghanekar for her whole hearted encouragement, valuable suggestions and evolving me scientifically. It was she who nursed me to flourish in research and science with positive spirit. Thank you Madam for helping me at crucial times and providing me a great learning experience. It is also an honor for me to be her first Ph.D. student.

It is difficult to overstate my gratitude to Dr. Prabhakar Ranjekar, Director IRSHA, BVDU Pune, who provided me constant guidance, unflinching encouragement and support in various ways. I am grateful to him for keeping an eye on the progress of my work. I have been fortunate to benefit from his supervision and will remain in debt to him.

The progress of this research project has been positively gained due to valuable and critical inputs from Prof. Sahebrao. P. Mahadik, Professor Emeritus, Medical College of Georgia, Augusta, USA. I would like to thank him for the numerous discussions that helped me improve my knowledge in this area.

I would like to thank Dr GC Mishra, Director, NCCS, for allowing me to use FACS and Confocal facilities without which completion of this work was highly impossible. In this regard, I would like to thank Dr Limaye, Dr Patole, Ms Hemangini Shikhara, Mr Swapnil Walke, Mrs Pratibha and Mrs Ashwini Atre for technical assistance at NCCS.

Some people have a way of making the world a better place. I am lucky enough to have such personalities with me. It is hard to forget the company of Ms. Snehal for her continuous help and humour.

My special thanks to Ms. Savita, Mrs. Soumya and Ms. Prerna for their kind help in my experiments. I owe a big thank to my colleague Mr. Prakash, Ms. Rashmi,
Ms. Kirti and Mrs. Kavita for making lab atmosphere delightful. I will cherish the moments spent with you guys for all my life.

Members of administrative department, Mr. Gavade, Mrs. Kadam, Mr. Patil, Mr. Mote are acknowledged for their timely help. I am thankful to the support staff at IRSHA, Tushar, Ajay, Deshmukh, and Maushi for all their help which undoubtedly facilitated the day-to-day laboratory work.

I am also thankful to Council of Scientific and Industrial Research (CSIR), India for providing me fellowship and financial assistance to conduct the research for my Doctoral study.

A whole bunch of my dear friends have supported and made this journey jovial. I would like to specially thank Vaibhav, Vitthal, Manmohan and Sadashiv who always were with me all the time during this period. It would not have been so easy without their support. I will forever be indebted to my several friends for their help and presence.

Last but not least I would like to thank my parents and family members for their unconditional support. Aai, Baba and Dada: You have been a constant source of encouragement and motivation to move ahead throughout this period. It would have been really difficult to achieve this goal of Ph.D without your love, affection and care. Words would be less to express my gratitude to God Almighty for giving me all the strength and such a nice bunch of people around me.
