ACKNOWLEDGEMENT

The time period during research work had been knowledgeable stage in the learning process. This had been possible with sincere guidance, help and wishes from many individuals. I would like to express my sincere gratitude to all of them.

I would like to express my deep sense of gratitude to Dr. Sunil W. Gaikwad, my guide, who with his affectionate attitude and inspiring guidance supervised the investigation at every stage of its progress. Without his constant encouragement, the completion of this thesis would not be possible.

I must express my sincere thanks to Mr. Nandkumar Nikam, Principal C. T. Bora College, Shirur (Ghodnadi) for promoting my academic upliftment and supplying me with advice, guidance and suggestions wherever necessary. I would also like to thank Mr. M. T. Avhad (HOD) Dept. of Geography, Prof. C. S. Dhapte, Prof. Ayub and all my colleagues for their valuable help and support.

I am also very grateful to Principal Dr. Padmaja Ghorpade and former Principal Dr. D.N. Sheth, S. P. College, Prof. Veena Vishwanath, Head Dept. of Geography, S.P.College, Dr. S. N. Karlekar, former Head, Dept. of Geography and Dr. P.G. Saptarshi former Head Dept. of Geography, S. P. College, Pune, for allowing me to carry out my research work at their center. They have played a vital role in molding my thinking in this field besides providing me necessary facilities and equipment in the laboratory and library.

During preparation of this thesis, large numbers of talented people inspired me. I wish to express my appreciation to some them whose help has been most valuable. I am thankful to Mr. A. T. Kulkarni, Executive Engineer, Tavarja dam office for providing the data regarding the siltation as well as hydrological data of Tavarja dam.

I am also thankful to Dr. Bidkar, Superintendent, Soil Survey and Testing Department Latur for fruitful discussions regarding soil characterization. Mr. Chauhan, Survey of India, Pune for providing toposheets of the study area.

I sincerely thank my colleagues of C.T. Bora College, Shirur for their valuable suggestions, help and moral support.

I thank Mr. G. L. Unde, Head Dept. of Geography and Vice-Principal Ahmednagar College, and Ahmednagar for providing the soil laboratory for analysis of soil survey data.

I’m also thankful to Mr. Pravin Gaikwad, of S.N.D.T. Women’s University, Pune. Prof. Shaukat Fakir, Sonai College, Ahmednagar and Mr. Chetraj Sharma student, Ahmednagar College Ahmednagar for helping in my field work.

My special thanks to my friends Amog Kadage, Vahida Shaikh and Maruti Kolekar from M.A. /M.Sc. Geography for their valuable help during the soil analysis.

I express my enormous gratitude to my father Mr. Mohanrao Zete and mother Mrs. Ayodhya Zete for their sustained motivation, infinite affection and high esteem for education, which always inspired me.

I am very grateful to Daya, my beloved wife, whose support and good humour and optimistic views helped me through the period of my research. My special thanks to my daughters Preeti and Mugdha for tolerating my negligence towards them during the course of this work.

Last but not the least; I would like to thank all those who helped me directly and indirectly in the completion of the present work.
