ACKNOWLEDGMENTS

I owe my sincere and heartfelt gratitude to Dr. S. S. Benchalli, Professor, Department of Mathematics, Karnatak University, Dharwad for his inspiring suggestions, encouragement, untiring, perennial help and guidance throughout the preparation of this work. Without his constant and gentle guidance, this thesis work would not have been completed. My vocabulary falls short to express my deep sense of gratitude to him.

I gratefully acknowledge the encouragement shown by Dr.(Smt) S.C.P. Halakatti, Chairperson Department of mathematics, Karnatak University, Dharwad during the course of my study.

I am also thankful to all the Teaching Faculty and Non-Teaching staff of the Mathematics department for their constant support.

I take this opportunity to profusely thank the Management and Principal of SDME Society for having permitted me and providing me with all the facilities needed.
