CONTENTS:

PART - I : INTRODUCTORY ANALYSIS.

1. Space Dimension of Transportation and Economic Development.
   1.1 Mobility and National Income.
   1.2 Significance of Road Transport and Economic Development.
   1.3 Why preference for Road Transport?

2. The Impact of Transport on Development Process.
   2.1 Siphon off Propensity, Accessibility and Spatial Price = Pattern.
   2.2 Acreage Extension Impact of Road Accessibility.
   2.3 Field Impact of Road Accessibility.
   2.4 Crop-pattern Impact of Road Accessibility.

3. Accessibility and Industrial Development.
   3.1 Accessibility and Technological Transformation Process.
   3.2 Accessibility, Excess Capacity and Over-Capitalisation.

PART - II : ROAD ACCESSIBILITY AND MARATHWADA.

   4.1 Road Development in Marathwada.

5. Demand for Road Transport in Marathwada Comparative Analysis.
   5.1 Truck Traffic Intensity in Marathwada.
   5.2 Functional Analysis of Level of Demand for Bus Transportation.

6. Effects of Road Accessibility on Agriculture Sector in Marathwada.
   6.1 Road Accessibility Effect on Crop Pattern.
   6.2 Field Sensitivity of Crop and Road Accessibility.
   6.3 Acreage Extension Impact of Road Accessibility in Marathwada.
6.4 Road Accessibility Effect on Market Density of Agro-produce.
6.5 Issue of Identification.
7. Accessibility Impact on Industrial Development in Marathwada.
7.1 Modern Sector in Textile Industry and Road Accessibility.
7.2 Road Accessibility and Technological Transformation.
7.3 Accessibility Effect on Capital Utilization and Formation - A Case of Agro Processing Mills.
8. Size of Village & Road Accessibility.
8.1 Village Isolation and Road Density.
8.2 Market Distance and Road Accessibility.

PART III - TOWARDS PLANNING FOR OPTIMISING HIGHWAY LAYOUT.

9.1 Towards Planning for Optimising Highway Layout.
9.2 Modifications of Optimum Road Model.
9.3 Break-even Road.
9.4 Choice of the Fixed Node.
10.1 Road Development in Marathwada and The Optimum Layout Planning Model.
10.2 Important Traffic Generating Towns in Marathwada.
10.3 The Issue of Estimating Inter-Modal Vehicular Linkage Intensity.
10.4 Economic Track Cost.
10.5 Operating Cost of the Vehicle.
11.1 Parbhani - Ahmadnagar Optimum Trunk Highway.
11.2 Una - Ahmadnagar Trunk Highway.
13. Select Bibliography.
15. Mathematical Appendix.
16. Maps
