ACKNOWLEDGEMENTS

Many people have supported, encouraged and guided me during the years of conducting this research. This study would never have been completed without the mentorship and support provided by my supervisor Dr. Madan M. Sarma, Professor, Department of English & Foreign Languages, Tezpur University, Tezpur to whom I owe my sincere gratitude. All through my long journey, he was my role model on the one hand, and guide and mentor, on the other. It has been a pleasure to work under his supervision. Despite all his duties and busy schedule, he has always had time for discussions and guidance. His enthusiasm for doing research has greatly motivated me along these years. I want to thank him for his encouragement, warmth, and friendliness.

I want to thank my fellow doctoral students, Jonali Shrama, and others for sharing the joys and sorrows of thesis writing and for their friendship. Without them this journey would not have been as joyful as it has been.
