ACKNOWLEDGEMENT

It is with profound pleasure, I express my sincere gratitude to Dr. R. MANAVALARAMANJAM, Reader, Department of Zoology, Bharathiar University, Coimbatore, for his remarkable and inspiring guidance, scientific freedom, scholarly advice, creative criticism, meticulous editorial care and continued encouragement in successful completion of this work.

I am much obliged to late Prof. (Dr.) G. SUNDARA RAJULU, former Professor and Head of the Department of Zoology, Bharathiar University, for providing necessary laboratory facilities, moral support and critical evaluation in carrying out this research work.

My special thanks are to Dr. SYED M. NAQVI, Department of Biological Sciences, Southern University, Baton Rouge, U.S.A., Dr. G. CHARMAINTIER, Universite De Montpellier II, Cedex, France, and to Dr. JOHN H. GRAHAM, School of Mathematical and Natural Sciences, Department of Biology, Berry College, Georgia, U.S.A., for evincing keen interest in this work, for their valuable suggestions and for providing me with literature regarding this work.

I express my indebtedness to Dr. G. VANITHAKUMARI, Reader, Dr. K. SASIKALA, Dr. K. MURUGAN, Lecturers and Mr. M. MUTHUSAMY, Technician, for their timely help.

It is my pleasure to extend my thanks to Dr. R. ELANGOVAN, Selection Grade Lecturer, Mrs. T. MEENAMBAL Senior Lecturer and Mrs. S. JAYANTHI, Lecturer, Department of Environmental Engineering, Government College of Technology, Coimbatore, and Mr. N. CHANDRASEKAR, Senior Research Fellow, Water Technology Centre, Tamil Nadu Agricultural University, Coimbatore, for their help rendered to me in metal analysis in samples by Atomic Absorbtion Spectrophotometer.

I place my gratefulness on record for the help rendered by Dr. M. RAMESH, Ms. K. SIVAKUMARI and Mrs. RANIPALANISWAMY, Senior Research Fellows, Mr. CHEZHIYAN and Ms. K. PRIYA, Research Scholars, Unit of Pollution Biology, Department of Zoology, Bharathiar University, Coimbatore, and my juniors Mr. M. MUKUNDAMADHAVAN and Ms. G. SARASWATHI, for their appreciable assistance and enthusiasm in completion of this work.

I am highly thankful to Dr. N. CHINNATHAMBI, Lecturer, Department of Zoology, Kongu Nadu Arts and Science College, Coimbatore, for his moral support. I acknowledge my thanks to Mr. K. SAJAN RAO and Mr. K. GOPAKUMAR, Research Scholars, Department of Psychology for their help in statistical analysis.
I acknowledge my thanks to Mr. R. TIRUPATHI VASAN, Manager, TNFDC Ltd., Aliyar Fish Farm, Aliyar, Coimbatore for the timely supply of specimens throughout this study.

I am grateful to The Council of Scientific and Industrial Research, New Delhi, India, for the award of Senior Research Fellowship to me during the course of the study.

My heart felt thanks to my parents for their encouragement, affectionate care and extraordinary patience throughout my schooling. This achievement would not have been possible without the ardent interest and support of my beloved parents.

I thank Mr. S. C. KRISHNAMOORTHY and Mrs. S. KALAIVANI, Kovai Computer Centre, for the neat execution of my research work.

M.K. KANAGARAJ
