ACKNOWLEDGEMENTS

First of all I render my reverence to the almighty God whose blessings could bring me up to the goal and to whom I dedicate all my achievements.

I express my sincere gratitude to my research supervisor, Dr. Devinder Singh, Head & Professor, Department of Zoology and Environmental Sciences, Punjabi University, Patiala for his immense support and for graciously giving me an opportunity to complete my work. It is because of his keen interest and efficient supervision that I have been able to carry my research work to the culmination point. His inspiring attitude, provoking comments, invaluable suggestions and amicable encouragement helped me a lot during my research work. This work could not have been possible without his valuable and intellectual guidance. I am also thankful to him for providing me the necessary laboratory facilities as Head, Department of Zoology and Environmental Sciences, Punjabi University, Patiala.

I am highly indebted to my Co-supervisor Dr. Harbhajan Kaur, Professor, Department of Zoology and Environmental Sciences, Punjabi University, Patiala for supporting me throughout my studies. I wish to give my thanks for her kind cooperation and for providing me the necessary help and suggestions at every step during the last three years.

With deep sense of gratitude, I would like to express my sincere thanks to Dr. Vijay Veer Chauhan, Director, DRDO, Tejpur for his help during the molecular studies. I would also like to thank Dr. Neena Chauhan, Scientist, FRI, Dehradun, for her cooperation and for providing me the necessary facilities at her institute.
I wish to acknowledge the invaluable support extended to me by my laboratory mates and friends who helped me in one way or the other.

I express my thankfulness to my family members whose affection, blessings, continuous encouragement and moral support made it possible for me to complete this work. The name of innocent Tashi, who has been a source of relaxation for me during periods of stress, needs special mention.

The financial help rendered by the Punjabi University, Patiala in the form of a research fellowship is duly acknowledged.
