ACKNOWLEDGEMENTS

I am highly indebted to The Almighty Waheguru who gave me strength to accomplish another chapter of my life.

It is with deep sense of gratitude that I wish to place on record my sincerest thanks to my revered supervisor Dr. Kamaljit Singh, Professor, Department of Chemistry, Guru Nanak Dev University, Amritsar for his keen interest, constant encouragement, motivation and untiring efforts throughout the research work.

I feel immense pleasure to express my sincere gratitude to Dr. Paramjit Kaur for providing invaluable support and moral courage during my research work.

I must acknowledge the Department of Chemistry, Guru Nanak Dev University and its faculty, which has been instrumental for my academic achievements. I am highly thankful to the present Head, Prof. Balkinder Singh Randhawa & the previous Heads, Department of Chemistry, Guru Nanak Dev University, Amritsar for providing necessary infrastructure for accomplishment of the research work.

I am also grateful to the librarians & other technical and non-teaching staff of Department of Chemistry for providing administrative and other assistance during this period.

Ph.D. is an endeavor completed in seclusion, but in practice it is not possible without the help and support from close friends, seniors and lab-mates. My sincere thanks go to all my lab-mates & friends for their generous support and co-operation.

I have greatly enjoyed this time for its scientific and social experiences. Of course, my gratitude extends beyond the boundaries of my group. My Sincere thanks go to our collaborators Prof. Daoben Zhu and Dr. Wei Xu from Key Laboratory of Organic Solids, Institute of Chemistry, Chinese Academy of Sciences, Beijing, P. R., China, for their help in the collaborative OPET device characterization studies.

Finally, I bow my head to my parents and elder brother without whom I would never have entered in to path of this beautiful chemistry life. Thanks to my cute & loving little Nephew Jai who made my life filled with joy whenever I felt tired and stressed. I thank my family for their generous support, positive attitude, invaluable blessings and selfless but untold sacrifices during the past 28 years for my better and bright career. They were always there when I needed them and without their encouragement and understanding it would have been impossible for me to finish this work.

Tarunpreet Singh Virk.
