ACKNOWLEDGEMENT

With limitless humility, I would like to thank ‘The Almighty God’ for this life and make me strong enough to turn it into a valuable one.

I wish there could be a really more befitting way than words for acknowledging the indebtedness and to express my loyal and venerable thanks and divulge my deep sense of heartfelt gratitude to my guide Dr. Yadwinder Singh Dhaliwal, Professor and Head, Department of Food Science and Nutrition for opening my way to new horizons. His painstaking efforts, praiseworthy guidance, scientific acumen and ever-helping attitude steered the completion of this work.

It is my sole prerogative to place on record my indebtedness and everlasting gratitude to the members of my Advisory Committee specially Dr. Anupama Sandal, Assistant Professor (Deptt. of Food Science and Nutrition) and Dr. Jagmohan Badyal, Professor and Head (Deptt. of Horticulture), Dr. M. K Gupta, Assistant Professor (Deptt. of Microbiology) and Dr. Anita Singh, Professor (Deptt. of Biology and environmental Sciences) for their help, innovative guidance and invaluable suggestions during the course of study.

I avail myself of this rare opportunity to express my ecstatic thanks to Dr. S.R. Malhotra Dean (COHS) and all the teachers of (Department of Food Science and Nutrition) for their kind cooperation and impeccable guidance during the course of the study.

I emphatically express my venerable thanks to Dr. R.K. Sharma, Dean, Postgraduate Studies and University Authorities for providing me necessary facilities. I would also like to express my deep appreciation to the library staff for their timely help which is greatly acknowledged.

My sincere thanks are also due to Dr. N.K. Sankfyan, Dr. Sanjeev Sandal (Department of Soil Sciences) and Dr. Madan Verma (Department of Physiology) for rendering me all the facilities required for successful completion of my programme. I owe deep sense of gratitude and reverence to Dr. Manoj Bharawa for his affection and guidance in data processing.

I acknowledge my special thanks to Dr. Jayant Kumar, Senior Scientist (Regional Horticulture Department), Bajaura (Kullu) and Dr. Gopal Katna, Assistant Professor (Deptt. of Plant Breeding) for their kind cooperation during the course of the study.

I will always remain indebted to Ramnath Bhaiya (Kullu), C. D Negi uncle (Reong peo) and respondents of Kangra, Kullu, Jogindenagar, Shimla and Reong peo areas of Himachal Pradesh for their kind cooperation during the entire study.

Thanks are duly acknowledged to the official staff and laboratory staff Hemchand uncle, Mast ram uncle, Bushan Bhaiya and Anil Bhaiya, as they helped me a lot not only during my research work but in whole period of my study.

I can hardly overlook the cooperation, timely help and moral support provided by my senior and friends Dr. Shailza Anand, Mrinalini, Madhvi, Purvi (di), Ruchi, Aprajita, Madhu, Sapna, Mandeep di and juniors Manju, Neha, Beenu, Seinthil, Sunita, Sahi, Rajni, specially Shivani and Shivani Walia.

All the words in the lexicon will be futile and meaningless, if I fail to divulge my extreme sense of regards to adorable parents for their sacrifice, prayers and blessings without which this work would have been a sweet dream. I am yet to find suitable words to express my heartiest affection for my grand mother, di Anju and loving Ankuy for their tender attachment and constant encouragement during the course of investigation.

A word of appreciation should be credited to Mr. Ajay Walia for their painstaking effort in typing this manuscript. Lastly, I thank one and all related to this work directly or indirectly.

Needless to say all omissions and errors are mine.

Thank you all!!
