ACKNOWLEDGEMENTS

A precious debt as that of learning is the only debt that is difficult to repay except through gratitude.

Soulfully and with limitless humanity, I am grateful to God, the Almighty for bestowing me with such affectionate parents, whose love, dedication and inspiration encouraged me to undergo higher studies. Their selfless persuasion and sacrifice, blessings and firm faith have made this manuscript a penny remuneration to transfer their dreams into reality.

Indeed the words at my command are not enough to put on records my sincere and heartfelt gratitude to my learned and revered teacher, Dr. R.K. Sharma, Professor & Head, Department of Agricultural Economics, CSK HPKV, Palampur and chairman of my advisory committee for his scientific acumen and superb guidance in conduct of research and attentive scanning of this manuscript. His vast enriched experience as an eminent agricultural scientist enabled me to accomplish my research work with tangible results. I shall ever remain indebted to him for his benevolence and affection.

I also express my gratitude to Dr. H.R. Sharma, Dr. S.K. Chauhan, Dr. Kamlesh Singh and Dr. J.S. Sohi, members of my advisory committee, for their valuable suggestions and guidance received from them time to time during the course of my research work.

I take this opportunity to convey my sincere thanks to all faculty members for providing me unconditional helping hand whenever needed at various stages of this investigation and my study. I also express my thanks to all the office staff of Department of Agricultural Economics for their ever willing help in various forms during my study.

I feel my utmost duty to express my thanks to Dr. O. P. Sharma, Dean, College of Agriculture and Dr. P.C. Katoch (Ex. Dean) for extending all necessary facilities as and when required.

I am also thankful to Dr. Pardeep K. Sharma, Dean Postgraduate Studies and other University authorities for providing all essentialities of research during the course of present investigation.

I shall be failing in my duty if I do not acknowledge the facilities and financial assistance in form of University merit scholarship, provided to me by my alma-mater, CSK Himachal Pradesh Krishi Vishvavidyalaya, Palampur.

I also express my venerable thanks and heartiest gratitude to Mrs. (Dr.) R.K. Sharma for her generous help and co-operation.

No expression of thanks will be sufficient for my little daughter Vedika who has suffered a lot during the course of this study because I used her share of time for this purpose.

I am yet to find suitable words to express my heartiest thanks to my beloved husband Parmod for providing spectrum of help, sharing my responsibilities at the most crucial moments and encouraging me during the period of my study.

I voraciously realize the inadequacy of words at my command to pay my obeisance to my brothers Saurabh, Ankur, Deepak, Rohit, Ankit, Akshit and Aadhar for their affection, indispensable and incessant support.

The benevolence, affection and blessings of my revered in-laws can not be acknowledged in words but to be felt in the deeper layers of my heart with great regards.

The contribution of Dr. Surinder Sharma and Dr. Bhupinder Singh Negi, who helped me to carry out my research work in Zone III and Zone IV, stands much above the reach of my formal words.
Time stops moving, when I think of acknowledging the nice company and unwavering help of my friends especially Vandna, Renu, Madhu, Sanjeev, Sudhir, Sushil, Shamsher, Sheetal, Sonam and Vandana Patial who kept me in an exalted state even during the moments of despondency and were always besides me with supporting hands. I am also thankful to my seniors, juniors and colleagues for their co-operation and help. Thanks are also due to Pooja, Mangla and Kanika who looked after my little and sweet baby during the course of this study.

I am greatly thankful to the farmers of the study area who provided me the required information which forms the major part of this manuscript.

Finally, I also acknowledge my sincere thanks to all those whom I am indebted on various occasions but have not named personally.

I owe entire responsibility for all the errors and omissions.

Place: Palampur
Date: July, 2007
