ACKNOWLEDGEMENTS

The present research project was completed under the able guidance of my friend and guide, Dr. M. U. Deshpande, Department of Commerce, Marathwada University, Aurangabad. It is because of his continuous encouragement and insistence, the project could be completed in the stipulated period. Even when I know that he would not relish my formal thanks, I take it to be a part of my duty to express deep sense of gratitude to him.

Shri S. N. Pandhare, Sub-divisional Agriculture Officer, Aurangabad, another close friend of mine had to pass through an ordeal every day when I used to harass him by putting series of relevant and irrelevant questions. I am aware that the present project could be completed only because of the tolerance shown by him in answering my queries.

I am also thankful to Shri M. D. Karandikar, District Statistical Officer, Aurangabad, (now District Planning Officer, Latur district) who obliged me by making the relevant secondary data available as and when needed. Being a man of statistics discipline, he proved
to be of an immense help to me when difficulties of applications of appropriate tools arose.

My association with Shri Sanjeeo Seth proved to be very much beneficial to me. His mini-computer could help me in processing the secondary data for obtaining various statistical parameters used in the study.

When the project nears the completion and the writing and typing of the dissertation starts, one is required to go in a shell. The Principal of my College Shri S. K. Mohgaonkar very kind heartedly allowed me to withdraw myself from the routine college duties in the last phase of my work. I am extremely thankful to him for the same.

Dr. N. G. Bapat, Head of the Department of Commerce, Marathwada University, Aurangabad, was very much sympathetic to me and wished me all well through his regular enquiries. It is due to his blessings, the project could see the light of the day. My heartfelt thanks are also due to him.

My friends and colleagues like Dr. S. G. Bhogle, Prof. S. G. Paralkar, Prof. A.B. Muley, Prof. G.A. Nikam, Prof. V. V. Deshpande, whom I bothered much, lent their helping hands unhesitatingly without any reservations
for the smooth completion of the project.

Shri N. D. Naik who has given a nice form to this project deserves special thanks. Even when he was ill, he completed the typing work with utmost sincerity in record time and obliged me in maintaining the time schedule.

I would be failing in my duties if I do not acknowledge the work done by my son Master Ajay Deshkar in drawing sketches and maps to make the project good looking. The personal involvement of my better half Mrs. (Dr.) Veena Deshkar in me and my work needs a special mention. In absence of her encouragement, I am sure, I could have never completed the present work.

Aurangabad.
Maharashtra Day,
1st May, 1984.

(D. G. Deshkar)
Department of Commerce,
Marathwada University,
Aurangabad.
