ACKNOWLEDGEMENT

First and foremost with overwhelmed heart I prostrate before JESUS CHRIST, My Lord for His immense grace and blessings and MARY, my Mother who guided me throughout this period for the successful completion of this research work.

I am highly indebted to Rev. Dr. M.M. Mathew, my supervisor and research guide, Department of Botany, St Thomas College Palai for his constant encouragement, patient listening, valuable suggestions, copious inspiring comments, timely advices, and constructive criticism at different phases of this study since the inception of the investigation. I am deeply touched by his painstaking and sincere devotion to this endeavour. I thank him wholeheartedly for his sincere guidance.

I extend my heartfelt thanks to Rev. Dr. N.V. Joseph Njarakkattil, Principal of St. Thomas College, Palai for forwarding the thesis for submission. I am very glad to express my gratitude to Dr. K.K. Jose, the former Principal, St. Thomas College, Palai, who was the then principal of my actual lab work. His valuable advice and support strengthened me a lot. I express my sincere thanks to Dr. Jomy Augustine, Head of the Department of Botany, St. Thomas College, Palai for providing all the necessary facilities needed for this work. I am gratefully acknowledging my gratitude to all the faculty and staff of Botany department for the timely help and support. I take this opportunity to express my sincere thanks to Prof. James Joseph and members of the faculty, Department of Biotechnology and Applied Microbiology for their help in doing microbiological work. My heartfelt thanks to Dr. Jose K. Xavier, Department of Chemistry and Dr. Joy Jacob, Department of Biostatistics for the suggestions and clarifications they provided during this tenure. I remember with gratitude Dr. Beaulah, senior scientist, Periakulam research Centre, TNAU for providing me the standard seeds of Moringa PKM-I variety and the informations regarding it. I also extend my thanks to Mr. Rishad of Unibiosis and staff of Eugreen biolab, STIC, CUSAT, Radiotracer Lab., Agriculture College, Mannuthy and Mr. Prince, department of environmental Chemistry, St. Berchuman’s College, Chenganassery for the help they provided in the analytical part of this work.

I am specially indebted to Dr. Sr. Sandra, Mrs. Anice Kurian, Ms. Jyothi, Mrs. Sweety, Mr. Anishkumar, Dr. Sr. Namitha and all other research scholars of Botany department during the course of my study, for the timely help and support they offered. I also thankful to the research scholars of other departments, especially to Dr. Sr.
Josephine and friends of biostatistics department for their sincere help and advice. My sincere thanks to the librarians and staff of St. Thomas College Library, Palai, M.G. University Library, Agriculture College Library, Mannuthy for the facilities they provided and the staff of Computer Centre, St. Thomas College, Palai for providing the internet facilities.

My heartfelt thanks to my provincial superiors Rev. Dr. Sr. Rose Anitha and Rev. Sr. Starlet Scaria and councillors for providing me such an opportunity to do this course and their prayerful support. I am highly indebted to the principals of my parent institution, Little Flower College, Guruvayoor, Rev. Dr. Sr. Cicil, Rev. Dr. sr. Maria Victor, Rev. Sr. Reny Toms and Rev. Dr. Sr. Treasa Dominic for their support and concern during the period of study. Especially I am thankful to Rev. Dr. Sr. Maria Victor who very gladly permitted me to take FIP leave to do full time research work under deputation at St. Thomas College, Palai. I also remember Rev. Sr. Liza Mary, former Head of the department of Botany and my colleagues in my department at L.F. College, Guruvayoor with gratitude for the sacrifices they had taken to send me for the Ph. D. study and their timely support. I am also indebted to my superiors and all my sisters of Lisieux, Cherupushpashramum and Pushpalaya communities at Guruvayoor, and my province during my study for their prayerful support, constant inspirations and moral boosting throughout and especially during the difficult times in my work. Especially I am thankful to Rev. Sr. Merlin, who helped me very patiently to do all the photoshop work of the thesis. I am very happy to express my whole hearted thanks to the superiors and sisters of Alphonsa hostel, Arunapuram during my period of study, who provided all the facilities for my work and study and their prayerful support and sincere concern need special mention. My heartfelt thanks to my beloved parents, sisters and brothers and their families for their moral support, encouragements, sacrifices and sincere constant prayers. I am thankful to Mr. Xavier Kotteparambil, my cousin for doing the spelling and grammar correction of the thesis. I wish to extend my thanks to Omega DTP Centre, Kottaramattom for the type settings and binding of the thesis and Mr. for setting the cover page of the thesis.

I acknowledge with gratitude the financial support from UGC by providing me FIP leave for full time research work and the contingency grant for two years. It is impossible to thank all those separately who are behind the successful completion of the thesis. I am personally thankful to all those known and unknown faces directly or indirectly helped me during the phase of my work towards my thesis dissertation.

Valsamma V.T.
