ACKNOWLEDGEMENT

Accomplishment of any task like this necessarily depends upon the willing and enthusiastic contribution of time and energy by many people. So many have given so much to me that it may not be possible to acknowledge all of them.

First and foremost I like to record my indebtedness and gratitude to my Project Guide Dr. (Miss) N. Ranganayaki, for her constant guidance at every stage of this study.

I am also thankful to Dr. D. Padmanabhan, Director, Centre for Research in Social Sciences, Technology and Culture for having permitted me to undergo this research study.

My profound thanks go to Dr. P. Natarajan, Principal, NTC Staff College for his sharp and penetrating comments on the manuscript.

I am always grateful to Prof. K. A. Chinnaraju, NTC Staff College who participated in the collection, analysis and conceptualisation of data and also rendered valuable support in bringing both competence and enthusiasm to computer analysis.
I owe my gratitude to the owners and executives of all the participating organisations who generously spared their time in our effort to comprehend their organisations.

I gratefully acknowledge the ready co-operation and help received from the officials of the Coimbatore District Industries Centre, the Office Bearers of the Coimbatore District Small Scale Industries Association (CODISSIA) who provided much of the information on which the present study is based.

I am also thankful to Mr.R.Arivazhagan, Librarian, Sri Nehru Maha Vidyalaya College of Arts and Science for his dedicated reference services.

Finally, a word of appreciation to Rani and Vivek not only tolerated my working at home during their holidays but also kept up pressure on me through periodic enquiries about this pilgrim's progress.

It is needless to say that none of the persons and organisations mentioned are responsible for the points of view expressed by me or any factual errors committed. If, with all the help received, faults still remain the responsibility is that of the investigator.
