ACKNOWLEDGEMENTS

The author expresses his thanks to Dr. A. Shanmugasundaram, Principal and Dr. C. P. Kothandaraman, Professor and Head of the Department of Mechanical Engineering for providing the facilities to carry out this investigation.

The author is immensely grateful to Dr. P. Radhakrishnan, Professor of Mechanical Engineering for his expert guidance, constructive criticisms, constant encouragement and suggestions throughout the course of this investigation.

Thanks are due to Dr. C. P. Kothandaraman, for his suggestions and help in organizing and reviewing the contents of this thesis.

The author acknowledges with thanks the facilities provided by M/s. PSG Industrial Institute in carrying out the main part of the investigation.

The author is grateful to Dr. W. G. Kothandaraman, Principal, Government College of Technology for providing the facilities to carry out a portion of the investigation.

The author also thanks Dr. C. Sivanandan, Professor of Mechanical Engineering, for going through the manuscript of the thesis and offering suggestions for improvement.

The author thanks the Government of Tamil Nadu and the Director of Technical Education for having granted permission under the Quality Improvement Programme to do this research work.
