ACKNOWLEDGEMENT

The present thesis has been written and a great many are still to be written on the performance and achievements of the nutritional topic.

Obviously the title of this thesis defines as well as delimits the field of study. An attempt has been made to make through. A study of personality, mental health and self-esteem among different nutritional status children.

The title and the contents bring out and delimit the scope of this study. A study of nutritional status has been defined clearly in the introductory of the certain work.

First I would like to prefer my renowned and learned guide Dr. Ritam Singh, Reader Deptt of Home Science Araya Kanya Girls Degree College, Jhansi (U.P.) for her under-esteem favourable suggestion and sound supervision in the final preparation of the thesis. She has always extremely and kindly. I am very regardably thankful to her.

I shall forever be thankful to Dr. Vipendra Pratap Singh, Lecturer, Department of psychology, D.V. College, Orai who help me at various research phases of the study cordially comfortably and intimately.
I must never forget to depict by gratitude to my regarded father in law Late Chandrashekhar Tiwari and my father Mr. Shiv Balak Mishra who has been inspired throughout for which a feel highly obliged my lovable husband Mr. R.D. Tiwari to always dedicated direction and able suggestion in all my duration. My family member are also encouraging and inspiring timely.

(Sangeeta Tiwari)
