LIST OF TABLES

Table 2.1:  Collocations’ Patterns according to Lewis (2000) 32
Table 2.2:  Collocations’ Patterns according to McCarthy and O’Dell (2005) 33
Table 2.3:  Collocations’ Patterns according to McCarthy, O’Dell and Lewis 34
Table 2.4:  Collocations Classification according to Benson, Benson, & Ilson (1997)’s 35
Table 2.5.  Examples of Grammatical Collocations 36
Table 2.6.  Examples of Lexical Collocations 36
Table 3.1.  Number, age and gender of the students per group 109
Table 4.1.  Descriptive statistics for the proficiency test 118
Table 4.2.  Independent sample t-test for the proficiency test 119
Table 4.3.  Descriptive statistics for pre-test writing on two groups 120
Table 4.4.  Independent sample t-test for pre-test writing on two groups 121
Table 4.5.  Descriptive statistics for pre-test Collocation Knowledge on two groups 122
Table 4.6.  Independent sample t-test for pre-test Collocation knowledge on two groups 123
Table 4.7.  Descriptive statistics for pre-test Collocation Knowledge on two groups 123
Table 4.8.  Independent sample t-test for pre-test speaking ability on two groups 124
Table 4.9.  Descriptive statistics for post-test writing on two groups 125
Table 4.10.  Independent sample t-test for post-test essay writing ability on two groups 126
Table 4.11.  Descriptive statistics for post-test knowledge of collocation on two groups 128
Table 4.12. Independent sample t-test for post-test knowledge of collocation on two groups 129

Table 4.13. Pearson Correlation between essay writing and knowledge of collocation 130

Table 4.14. Linear regression for collocation knowledge and essay writing ability 132

Table 4.15. Anova table of linear regression 132

Table 4.16. Coefficient of variables in contribution in Regression 133

Table 4.17. Descriptive statistics for post-test cohesion and coherence on two groups 134

Table 4.18. Independent sample t-test for post-test cohesion and coherence on two groups 135

Table 4.19. Descriptive statistics for post-test length of essay writing on two groups 137

Table 4.20. Independent sample t-test for post-test length of essay writing on two groups 138

Table 4.21. Means of using types of collocations in pre and post tests of two groups in writing 139

Table 4.22. Descriptive statistics for post-test number of collocation use in ESL students’ writing on two groups 142

Table 4.23. Independent sample t-test for post-test number of collocation use on two groups 142

Table 4.24. Descriptive statistics for post-test in ESL students’ speaking ability on two groups 144

Table 4.24. Independent sample t-test for post-test speaking ability on two groups 146

Table 4.26. Descriptive statistics for correlation among two tasks 147

Table 4.27. Pearson Correlation between collocation knowledge (Q) and speaking ability 147
Table 4.28. Linear regression for collocation knowledge and speaking ability 149
Table 4.29. Analysis of variances 150
Table 4.30: Coefficient of variables in contribution in Regression 151
Table 4.31. Descriptive statistics for correlation among two tasks 151
Table 4.32. Pearson Correlation between ESL students’ writing and speaking ability 152
Table 4.33. Linear regression for essay writing ability and speaking performance 154
Table 4.34. ANOVA table and Analysis of variance 155
Table 4.35. Coefficient of variables in contribution in Regression 156
Table 4.36. Descriptive statistics of students’ number of collocation used in speaking 157
Table 4.37. Independent sample t-test for post-test number of collocation use in speaking 158
Table 4.38. Mean of using types of collocations in pre and post tests of two groups in speaking 160
Table 4.39. Descriptive statistics of students’ fluency in speaking 162
Table 4.40. Independent sample t-test for post-test speaking ability on two groups 163
Table 4.41. Descriptive statistics for correlation among two tasks 165
Table 4.42. Pearson Correlation between cohesion and coherence in writing and cohesion and fluency in speaking 166
Table 4.43. Linear regression for cohesion in writing and fluency in speaking 168
Table 4.44. Analysis of variances 168
Table 4.45. Coefficient of variables in contribution in Regression 169
