"I just want to thank everyone who made this day possible"

The consummation of this work would not have been possible had it not been for the invaluable guidance, cooperation and inspiration of a number of people. Thanks giving appear to be very simple, but today I find it the most difficult job. These humble words, expressions and gratitude can not really convey the deep feelings of my heart.

First and foremost, I express my deep sense of gratitude, indebtedness and thankfulness to my learned and worthy supervisor and guide, Dr. S.C. Arora, Professor, Department of Public Administration, M.D.U., Rohtak for his unceasing guidance, painstaking supervision and overwhelming help. I fail to find words to appreciate his deep knowledge of this subject and command over writing skills because of which I have been able to accomplish this attempt successfully.

My sincere thanks to teachers of the Department- Dr. R.K. Prabhakar (Retd.), Dr. S.S. Chahar, Dr. Shashi K. Mehra, Dr. Sewa Singh Dahiya, Dr. Swaranlata, Dr. Anjana Garg, Dr Rajesh Kundu, and Dr. Jagbir Narwal for their valuable advice. I will be failing in my duty if I do not thank the administrative staff of this department for unflinching co-operation for completing my work efficiently and smoothly.

I record my appreciation for co-operation rendered by Central library staff of M.D.U. Rohtak Kurukshetra University, Kurukshetra, Haryana Institute of Rural Development (HIRD), Nilokheri, Indian Institute of Public Administration (IIPA) New Delhi, Nutrition Foundation of India (NFI) Delhi, Central Secretariat Library, New Delhi, Human Resource Development Ministry (HRDM), New Delhi and Elementary Education Department, Haryana, Chandigarh. My special thanks are due to Dr. J.B. Sharma, (DEEO) and Sh. Prem Singh (Clerk) in the office of District Elementary Education Office, Rohtak.

I convey my sincere thanks to all the respondents of the study, who spared their valuable time and provided all necessary information required for the purpose of research. They are, indeed the key factors of the present research, without their help, I
would not have been able to finish my work. It is my humble duty to acknowledge with thanks the indirect, thought, potential help extended to me by the eminent authors whose work I have quoted in the body of the manuscript.

I have also been assisted by my friends at the various stages of this work. For this, my special thanks to Dr. Rajkumar Yadav and Mr. Rajesh Kumar for their valuable help. Besides, special thanks are due to my friends Mr. Birender, Krishan Dutt, Vinod, Mukesh and Manoj who helped me in many ways.

No words can adequately express my gratitude to my family. I feel deep sense of gratitude for my parents who formed part of my vision and taught me the good things that really matters in life. I am indebted to my parents for always being there for me and for always believing in me.

This study would not have been possible without the positive co-operation of my wife, Manju. I am very thankful to my son and daughter “Mayank” and “Tanisha” for their naughty and stupid activities to relax me out of tension during the course of work.

With Gratitude and Respect
