LIST OF FIGURES

CHAPTER II

Fig 2.1 Beki River in Manas National Park 25
Fig. 2.2. Map of Deeror Beel WLS 26
Fig. 2.3 Map of Kapla Beel 26
Fig. 2.4. Map of Puthimari Beel 27
Fig. 2.5. Maximum and minimum temperature of the study area during the period of 2007 and 2008 28
Fig. 2.6 Relative humidity of the study area during the period of 2007 and 2008. 29
Fig. 2.7. Total Monthly rainfall in the study area during the period of 2007 and 2008 29

Chapter III

Fig. 3.1 Species Diversity Index (H) of Aquatic avifauna in (a) Beki River system of MNP, (b) Deepor Beel WLS, (c) Kapla Beel and (d) Puthimari Beel in various season of the year 46
Fig 3.2 Showing the monthly abundance of population size of aquatic avifauna in four wetlands studied (a) Beki River System of MNP, (b) Deepor Beel WLS, (c) Kapla Beel, (d) Puthimari Beel 48
Fig.3.3. Seasonal population abundance of aquatic avifauna in four wetlands (a) Beki River System, (b) Deepor Beel WLS, (c) Kapla Beel, (d) Puthimari Beel 50
Fig.3.4. Annual abundance of aquatic avifauna in all the Study Sites 51

CHAPTER IV

Fig 4.1 (a) Landscape matrix of Beki River System in Manas National Park 91
Fig 4.1 (b) Landscape matrix of Deeporbeel WLS 91
Fig 4.1 (c) Landscape matrix of Kapla beel 92
Fig 4.1 (d) Landscape matrix of Puthimari beel 92
Fig 4.2. Annual habitat utilization of Aquatic avifauna in Beki River of Manas National Park 96
Fig 4.3 Habitat Use by the Aquatic avifauna during different seasons in Beki River Inside Manas National Park ( Data in % of Habitat Use)- (a) Pre Monsoon Season, (b) Monsoon Season, (c) Retreating Monsoon, (d) Winter Season 97
Fig 4.4. Annual Habitat Used type of aquatic avifauna in Deepor Beel WLS 98
Fig 4.5. Habitat utilization by the Aquatic avifauna during different seasons in Deepor Beel WLS ( Data in % of Habitat Use)- (a) Pre Monsoon Season, (b) Monsoon 100
Season, (c) Retreating Monsoon, (d) Winter Season

Fig. 4.6. Habitat Use by the Aquatic avifauna throughout the year in Kapla Beel

Fig. 4.7. Habitat Use by the Aquatic avifauna during different seasons in Kapla Beel (Data in % of Habitat Use)- (a) Pre Monsoon Season, (b) Monsoon Season, (c) Retreating Monsoon, (d) Winter Season

Fig. 4.8. Habitat utilization in Puthimari Beel Annually

Fig. 4.9. Habitat Use by the Aquatic avifauna during different seasons in Puthimari Beel (Data in % of Habitat Use)- (a) Pre-monsoon Season, (b) Monsoon Season, (c) Retreating-monsoon, (d) Winter Season

Fig. 4.10. Annual habitat Selectivity by the Aquatic avifauna in Beki River System in Manas National Park

Fig. 4.11. Habitat selection by the Aquatic avifauna in Beki River, Inside Manas National - (a) Pre Monsoon Season, (b) Monsoon Season, (c) Retreating Monsoon, (d) Winter Season

Fig. 4.12. Annual habitat selection by aquatic avifauna in Deepor Beel WLS

Fig. 4.13. Habitat selection by the Aquatic avifauna in Deepor Beel WLS - (a) Pre Monsoon Season, (b) Monsoon Season, (c) Retreating Monsoon, (d) Winter Season

Fig. 4.14. Annual habitat selection by Aquatic avifauna in Kapla Beel

Fig. 4.15. Habitat selection by the Aquatic avifauna in Kapla Beel- (a) Pre Monsoon Season, (b) Monsoon Season, (c) Retreating Monsoon, (d) Winter Season

Fig. 4.16. Habitat selection by the Aquatic avifauna in Puthimari Beel Annually

Fig. 4.17. Habitat selection by Aquatic avifauna in Puthimari Beel- (a) Pre Monsoon Season, (b) Monsoon Season, (c) Retreating Monsoon, (d) Winter Season

CHAPTER V

Fig. 5.1. Total number of food items (biota) consumed by aquatic avifauna in studied wetlands of lower Assam

Fig. 5.2. Types of food species of Aquatic avifauna in Beki river, MNP

Fig. 5.3. Types of food species of Aquatic avifauna in Deepor Beel WLS.

Fig. 5.4. Types of food species of aquatic avifauna in Kapla Beel.

Fig. 5.5. Types of food species of aquatic avifauna in Puthimari Beel.

Fig. 5.6. Seasonal Change of feeding frequency on mollusc by aquatic avifauna.
Fig. 5.7 Seasonal Change of feeding frequency on Arthropods by aquatic avifauna
Fig. 5.8. Seasonal Change of feeding frequency on crustacean by aquatic avifauna.
Fig. 5.9. Seasonal Change of feeding frequency on fresh water prawn by aquatic avifauna.
Fig. 5.10. Seasonal change of feeding frequency on fish by aquatic avifauna.
Fig. 5.11. Seasonal change of feeding frequency on amphibian by aquatic avifauna.
Fig. 5.12. Seasonal change of feeding frequency on reptile by aquatic avifauna.
Fig. 5.13. Seasonal change of feeding frequency on lizards by aquatic avifauna.
Fig. 5.14. Seasonal change of feeding frequency on plants by aquatic avifauna.
Fig. 5.15. Dietary spectrum of aquatic avifauna based on annual feeding frequency in Beki River, MNP.
Fig. 5.16. Dietary spectrum of aquatic avifauna based on annual feeding frequency in Deepor Beel WLS.
Fig. 5.17. Dietary spectrum of aquatic avifauna based on annual feeding frequency in Kapla Beel.
Fig. 5.18. Dietary spectrum of aquatic avifauna based on annual feeding frequency in Puthimari Beel.

CHAPTER VI
Fig. 6.1. Classification of threats to the aquatic avifauna in the Wetland of Lower Assam
