Acknowledgements

With great pleasure and deep sense of gratitude, I would like to offer sincere thanks to my guide Dr. Krishna G. Bhattacharyya, Professor, Department of Chemistry, Gauhati University, for his continuous supervision, sincere guidance, thoughtful suggestions and warm encouragement at every stage of my research work.

I am grateful to Prof. D. C. Deka, Head, Department of Chemistry, Gauhati University for extending all necessary facilities for carrying out this work. I am acknowledging my gratitude to all the teachers of the Department of Chemistry, Gauhati University for their encouragement. I am also thankful to the non-teaching staff of this department for their help during the entire period of my work.

I commenced this work at B N College, Dhubri as a Project Fellow in a UGC Major Research Project with Dr. Susmita Sen Gupta, Assistant Professor in the Department of Chemistry as the Principal Investigator and I did most of my experimental work there. I am very grateful to Dr. Susmita Sen Gupta for her guidance and suggestions in every step of my research work. I am also thankful to Prof. Aziz Mondal, Head, Department of Chemistry, B N College Dhubri for providing all the necessary facilities to carry out my work. I am also very grateful for all the support shown by principal, Dr. Ahiyuddin Sheikh, B N College, Dhubri during my work period. I also express my sincere gratitude to all teaching and non teaching stuff of B N College Dhubri for their help during my time in B N College.

I am very thankful to the University Grants Commission, India for extending financial assistance under the major research project scheme.

I am thankful to the Department of Chemistry, G.U, IASST, Boragaon, CIF, IIT Guwahati and SIF, Gauhati University for allowing me to use various instrumental facilities.

I am also thankful to Hemaprova ba and Himashree, who helped me to handle Surface area and porosity analyzer instrument during my Ph.D. work.

I express my thanks to my department seniors Nibedita ba, Bidyut da, Ajoy da, Nirupam da, Mayur da, Prova ba, Nayan da, Ranjan da, Basanti baideu, Gopi Sir, Arun da, Subhashis da along with my friends Dheerkrishna, Mithun, Sushanta, Sourav, Montu, Rongmili, Priyanka and countless others. I am also grateful to my lab mates Hrishikesh, Moutushi, Purabi, Bharati, Sanjoy, Sumi, Himani, Upama, Leena,
Moonmoon, Smita, Manashi, Debolaxmi, Valantina, Priyadarshi, Bichitra and Padmalochan for their constant support and encouragement during the course of the work.

With core of my heart, I offer my love, admiration and respect to my dear mother, Minati Devi, for her constant inspirations, blessings and support in every step of my life. In this very special day of my life I would also like to remember my late father, Nirendra Nath Sarma and hope he is watching over me and my family from afterlife. I will be failing in my duty if I do not acknowledge the encouragement extended to me by my dear uncle and aunty, Kailash Kalita and Nandita Baruah. I am also thankful to all my family members, friends and well wishers, without their support and blessings, this work would not have been possible.

Last but not the least; I am thankful to the Almighty, who has provided me sound health and strength to complete this work.

Gautam Kumar Sarma
