First of all, I would like to express my heartfelt gratitude to my guide Dr. Santanu Bardaloi, Department of Instrumentation & USIC, Gauhati University, for his constant guidance and supervision. His continuous observation and support helped me to work in all directions with depth in investigation of my research.

I am also grateful to Prof. K. C. Sarma, Head, Dept. of Instrumentation & USIC, Gauhati University for advice and help. I also like to offer my gratitude to SAIF, Gauhati University for providing XRD & XRF facility. I am very much thankful to Dr. P. K. Baruah, Department of Chemistry, Gauhati University for his help in taking UV-VIS and Photoluminescence data. Also, I thank Dr. Pradut Sarma, assistant professor in the department of chemistry, for his help in taking UV-VIS data.

I am thankful to SAIF, Shillong for providing TEM and SEM facility. I also like to offer my heartfelt gratitude and thanks to CIF and Dept. of Nano- Science and Technology, IITG for providing HRTEM and XRD facility. A special thanks to IASST, Guwahati, for providing XRD facilities.

Last but not the least I would like to thank my colleague Anupama. Devi for her suggestions in plotting graphs. I am thankful to my parents, Bashab Ch. Das(father), Charu Das(mother), my wife Swapna, and my sons Abhinab and Mridumoloy, my brothers Biju and Dhruva for constant support and encouragement to work hard, without which this could not be possible.
