ACKNOWLEDGEMENT

I take this opportunity to express the deep sense of respect I have for my teacher Prof. V. M. Thakare. He introduced me to the fascinating and challenging field of “E-learning” in 1996. It is always a pleasure to work as a research student with him. His able guidance and encouragement was the single important factor which helped me throughout this work.

I am thankful to all my well wishers who have directly or indirectly helped me in completing this work. Thanks are specially to my friends Dr. P. M. Bapat, Mr. S. M. Tekadpande, Mr. I. C. Mehta and Mr. V. J. Bahlāey for their constant help.
