ACKNOWLEDGEMENT

I am very much indebted and grateful to my teacher, mentor and guide Dr. M. Vasanthy, Senior Scale Lecturer and Head, P.G. and Research Department of Environmental sciences, Government Arts College, Ariyalur for her unflinching support, perseverant help, cherishing attitude, benign, gracious character, constant encouragement, valuable advice, scientific freedom, untiring, ever willing and constant guidance not only in the period of this investigation but also throughout my life.

It gives me immense pleasure to thankful Prof. Mr. C Kandasamy, Principal, Government Arts College, Ariyalur and the former Principals Prof. C. Thiyagarajan (2002-2003), Prof. C. Giriranganathan (2003-2004) and Prof. K. Sambathkumaran (2004-2005) for providing necessary facilities and constant encouragement.

I feel immense pleasure to express my heart felt gratitude to the Doctoral committee members Dr. Kalavathy, Co-ordinator, and Dr. C. Ravichandran Reader, PG and Research Department of Environmental sciences, Bishop Heber College, Trichy – 17, for their excellent guidance, blessings and kindness shown by them during my research work.

I would like to thanks UGC for the financial support given for the minor project proposal.
My special thanks are due to **Mr. Rajendran** and **Mrs. Kalavathy Rajendran M.Sc, MPhil**, Head, Dept., of Botany, Govt. Arts College Ariyalur for their constant encouragement and tremendous support.

I wish to register my special thanks to **Dr. T. Venkatachalam**, Professor and Head of the Dept. of Chemistry, Bishop Heber College, Trichy- 17 and **Dr. T. Janakiraman**, Dept. of chemistry, J.J. college of arts and science, Pudukkottai, for their valuable suggestions and constant encouragement throughout the investigation.

I extend my gratefulness to **Mr. M. Alagappamosses**, Selection Grade Lecturer, **Miss. Srinithi Vikashini** lecturer P.G. and Research Dept. of Environmental Science, Bishop Heber College, Trichy- 17 for their valuable suggestions.

I am pleased to thank **Dr. P. Lakshmanaperumalsamy**, Head, Department of Environmental Sciences, Bharathiyar University, Coimbatore for his blessings and his permission to utilize the lab facilities.

I express my deep gratitude to **Dr. N. Balasubramanian**, Research Adviser, Ponnaiya Ramajayam College, Tanjore for his blessings and his guidance.

My acknowledgements are due to **Dr. R.K. Trivedy**, Editor, Enviromedia, Karad for his timely help.
I wish to extend my heartfelt acknowledgements to Dr. Victor Rajamanickam, Sastra University, Tanjore and Mrs. Valarmathy, Junior Lab assistant, TWAD, Perambalur for providing permission for using their laboratory use.

I record my thanks to Dr. K.V. Krishnamoorthy, Head, Dept. of plant science and Dr. K. Kumarasamy, Dept. of Earth Sciences, Bharathidasan University, Trichy, for their blessings and encouragement.

I wish to extend my heartfelt acknowledgement to Dr. Krishnan, Head, Dr. R. Babu Rajendran and Dr. P. Thamaraiselvi, Dept. of Ecobiotechnology, Bharathidasan University, Trichy.

My sincere thanks to Prof. Dr. Jegadeesan, Dept. of Siddha, Tamil university and Mr. Kumaravelu, scientist Paddy Processing Research Center (PPRC), Tanjore for their guidance regarding biological aspects of analysis.

I render my sincere thanks to Dr. N. Parthasarathy, Dept. of Ecology, Pondicherry University, Pondicherry for his valuable suggestions and Dr. S. A. Abbasi, Head, Center for Pollution Control and Energy Technology, Pondicherry University, Pondicherry for permitting to utilize the library facility.

My grateful acknowledgement to Mr. Seralathan, District Environmental Engineer, Trichy for his encouragement.
I owe my gratitude to Mr. Charles Selvaraj, Head, and faculty members, Department of Computer Science, Government Arts College, Ariyalur for their timely help.

My thanks are due to Prof. Dr. Maheswari, Dept. of Environmental sciences, TNAU, Coimbatore.

My special thanks to my teachers Mrs. A. Susila Azhagesan, Dr. Chellammal and Mrs. Manikili professors, Govt. Arts college Pudukkottai for their blessings and constant encouragement.

I want to give special acknowledgement to our Lab assistant Mr. M. Appavu for his kind co-operation in the laboratory throughout the project and the office staff members of Government Arts college, Ariyalur.

I express my special thanks to Mr. Chandramohan, Research scholar, lab assistants of P.G and Research Dept. of Environmental sciences, Bishop Heber College, Trichy, for their kind co-operation extended during the analysis in their laboratory.

I am also grateful to members of the soil testing laboratory, Mannarpuram, Trichy for permitting to utilize the laboratory facility.

I convey my sincere thanks to the Management of Meenakshi Ramasamy College, Thathanur, Jayangondam, for permitting to utilize the microbiological laboratory.
I wish to express my sincere thanks to Dr. Jafar Ahamad, Senior Scale Lecturer, Department of chemistry, Jamal Mohamad College, Trichy for his help in statistical analysis.

The help of Librarians of IIT., Delhi, IISC., Bangalore, TNPCB of Chennai and Trichy, IMTI Trichy, TNAU, Coimbatore, Pondicherry University, CARD Neyveli, Bharathidasan University, Jamal Mohamad College, Trichy, CECRI, Karaikudi, Anna University, Chennai, CLRI, Chennai and Several other Institutions is gratefully acknowledged for their permission in literature collection.

I am very much grateful to the publishers who have published my research work in their valuable journals.

I am most grateful and deeply indebted to Mr. R.K. Ravindranath gupta, Mr. R. Muthunarayanan Advocate and Mrs. Vimala kumari for their blessings, moral support and his constant encouragement and my special thanks to Master R.V. Aakash for his kind co-operation.

I am very much grateful to Dr. S. Subramanian, Director, Murugan Muhibah Heavy Engineering Electricals, Petaling Jaya, Malaysia for his blessings and inducement throughout the project.

I am specially grateful to Mrs. M. Sangeetha Kalidoss, my colleague, Part - Time Research Scholar PG and Research Dept. of Environmental Science, Govt. Arts College, Ariyalur for her constant encouragement and
support who made the research life a pleasant one and her parents Mr.K.Muthukrishnan and Mrs.M.Bhuvanesvari for their constant encouragement and moral support.

I sincerely submit my due respect to my beloved father Mr.V.R.Chandran and mother Mrs. C.Sivagnanam for their unfailing love and affection without which I would not be what I am.

I express my deep gratitude to my elder father Mr.Lakshmanan and my family members for their blessings and inducement.

I am thankful to my juniors Research scholars Mr. M.Jeganathan, Miss. A.Geetha and Mr.R.Velmurugan P.G. and Research Department of Environmental sciences, Government Arts College, Ariyalur for their help.

I extend my heartfelt thanks to Superiors, Sisters for their blessings and inmates of Immaculate Heart of Mary Convent, Ariyalur for their timely help.

I sincerely thank Mr.M.Sambath Kumar and Mr. M.Sasi Kumar and Mr. M.Siva Kumar, Dot Com Computers, Ariyalur for their excellent and neat execution of the typing work.

I thank the GOD Almighty with devotion who guides me in the right path for the successful completion of the research work.
