ACKNOWLEDGEMENT

First and foremost the author of this thesis thank GOD ALMIGHTY.

The author wishes to express her profound gratitude to her guide and mentor Dr. J. Suganthi, Professor and Head, Department of Computer Science and Engineering, Hindusthan College of Engineering and Technology, Coimbatore, for offering her innovative ideas, reviewing the work and guiding the course of her research all throughout.

The author thank the doctoral committee members Dr. S. N. Sivanandam, Dean, Department of Computer Science and Engineering, Karpagam University, Coimbatore, and Dr. S. N. Deepa, Associate Professor and Head, Department of Electrical and Electronics Engineering, Anna University, Regional Centre, Coimbatore, for their valuable suggestions and constant encouragement, which improved this dissertation greatly.

The author wish to express her heartfelt thanks to the Management and Principal of Adithya Institute of Technology, Coimbatore, for their consistent support throughout the work. The author is indebted to all her family members, friends and colleagues for their whole hearted cooperation during the research.
