ACKNOWLEDGMENT

Achievement is finding out what you would be doing, what you have to do. The higher the summit, higher will be the climb. The goal was fixed and I begin with determined resolve and put in ceaseless and sustained hard work. It has been rightly said that we are build on the shoulders of others but the satisfaction that accompanies the successful completion of any task would be incomplete without the mention of the people who made it possible.

First of all, I would like to express my deepest gratitude to my research guide Dr. Davinder Singh Saini who has continued to be an inspiration since the start of this work. His enthusiasm and engagement in giving guidance and sharing knowledge cannot be valued. Also his editing during the preparation of this document is invaluable. I would like to thank my committee members who have contributed in the form of their suggestions Dr. T. S. Lamba, Dr. S.V Bhooshan, Dr. G. Singh, Dr. P. Kumar and Dr. R.S. Durai. Next I would like to thank my family for their everlasting moral support that always walk with me throughout this venture.

Finally I aspire to express my gratitude to Dr. Y. Medury and Brig. (Retd.) Balbir Singh for providing excellent research environment in JUIT, Waknaghat.
