

# Research Papers Published/Communicated

## Research papers published

1. J. Divecha and J. Gondaliya, *Construction of minimal balanced cross over designs having good efficiency of separability*, Electronic Journal of Statistics 8 (2014), pp. 2923–2936.
2. J. Divecha and J. Gondaliya, *Estimation of treatment and carryover effects in optimal cross-over designs for clinical trials*, Statistics in Biopharmaceutical Research 7:2 (2015), pp. 95–105.

## Research papers Communicated

1. J. Gondaliya and J. Divecha, *Optimal and efficient two treatment crossover designs for carryover models*, Statistics in Medicine, Under review.
2. J. Divecha and J. Gondaliya, *Analysis of three treatment crossover design in a placebo and two active treatments with carryover effects*, Statistics in Medicine, Under review.
