

LIST OF PUBLICATIONS

1. Simple and sensitive extractive spectrophotometric methods for the assay of donepezil in pure and pharmaceutical formulations (Accepted in JPR)
2. Visible spectrophotometric methods for the determination of Granisetron hydro chloride in pure and pharmaceutical formulations (Accepted in JPR)
3. Spectro photometric determination of Oxcarbazepine by condensation reactions using 2-chloro phenyl hydrazine and Anthronilic acid, JPR vol .4.issue .10.oct2011(supporting paper)
4. Extractive Spectro photometric methods for the determination of Nebivolol hydro chloride, journal of pharmacy research ,vol.4(12)4452-4457,2011(supporting paper)
5. Colorimetric determination of memantine HCl in pharmaceutical dosage forms(communicated to IJCAS)
6. Isocratic RP –HPLC method for the determination of Granisetron in pure and Dosage forms (Accepted in Rasayan journal of chemistry)
