ACKNOWLEDGEMENT

I bow to the almighty for giving me the strength and perseverance to take up and complete this work. The last five years has been a journey into the world of research, reading articles, referring books, proving theorems, attending conferences, writing and correcting research articles. I learned a lot of things, but I am still a toddler in this world!!

I sincerely express my deeply indebtedness to my research supervisor Dr. B. Chaluvaraju, Professor, Department of Studies and Research in Mathematics, Tumkur University, Tumkur. Being his second Ph. D student, I enjoyed all the privileges, care, invaluable guidance, encouragement and meticulous care throughout my research career. I cannot adequately express my gratitude to him for the time and energy he has spent in moulding my research aptitude, critically reviewing my work and offering invaluable suggestions. I admit that this thesis would not have been in the present form without his care of depth and subtlety, especially for the detailed presentation of my investigations in thesis. I am highly obliged to him for the perennial inspiration got from him throughout the research work to make my efforts worthwhile.

I express my deep sense of gratitude to Prof. Pradeep G Siddeshwar, Chairman, Department of Mathematics, Bangalore University, Bangalore, for his encouragement and co-operation throughout my research work.

I express my gratitude to Prof. M. Venkatachalappa, Prof. Y. B. Maralabhavi, Prof. H. T. Rathod, Prof. P. M. Balagondar, Prof. I. S. Shivakumara, Prof. M. S.
Mahadeva Naika, Prof. H. G. Nagaraj, Dr. H. P. Waghamore, Dr. K. V. Prasad, Dr. Medha Itagi Huigol, Dr. Ramesn B. Kudenatti and Non teaching staff, Department of Mathematics, Bangalore University, Bangalore for their encouragement and co-operation during my research work.

I also wish to express a special thanks to Prof. E. Sampathkumarachar, Dr. B. D. Acharya and Prof. N. D. Soner for their thought provoking ideas, advice, encouragement and discussion.

I would like to express my heartfelt gratitude to the Management and Principal of the R. V. College of Engineering, Bangalore for their continuous help and encouragement in completing my research work. I express my sincere gratitude to Dr. N. Shivakumar, Professor and Head, Department of Mathematics, RVCE for his motivation and encouragement which made this work possible. Also, I thank my colleagues in the Department of Mathematics, RVCE for their help during my research work.

I express my gratitude to Prof. S. Sreenivasa and Prof. S. C. Karigar of Tumkur University for their help in my research work.

I extend my thanks to research colleagues Dr. K. A. Vidya, Mrs. V. Chaitra, Mr. C. Appaji Gowda, Mr. N. Manjunath, Mr. H. S. Boregowda, Mr. K. Venu and Mr. D. Harish for their endless support and help specially during the preparation of this thesis.

I take this opportunity to thank the staff of Bangalore University Library, for extending their help during the literature collection.
I am extremely grateful to my loving father Sri. Channabasappa and mother Smt. Bramaramba, also in particular to my wife Smt. Vani and my lovely son Chi. Smaran for their kind support and inspiration without which it would have been very difficult for me to accomplish this task. I thank my father-in law Sri. Rajappa and Mother-in law Smt. Renuka for their support. I thank my cousins A. S. Mahesh, A. S. Rajesh, H. M. Harsha, H. M. Arun and R. Vinay for their encouragement and support.

Once again I thank all those who have supported me in some way or other in these years of my research work.

C. Nandeesh Kumar
