ACKNOWLEDGEMENTS

The author wishes to take this opportunity to express his sincere gratitude to Dr. B.N. Misra, Associate Professor, Chemistry Department, Himachal Pradesh University, Simla for his careful guidance, continuous encouragement and keen interest during the course of this study.

Thanks are due to Dr. R.L. Blokhra, Professor and Head, Department of Chemistry, Himachal Pradesh University, Simla for providing all necessary facilities.

The author is also grateful to Professor K.C. Malhotra for many valuable suggestions and constant encouragement.

Acknowledgement with thanks is made to Mrs. Inderjeet Kaur for her valuable co-operation and fruitful discussions. Mr. P.S. Chandel, Mr. Deepak Sodhan Sood and other research fellows of the Chemistry Department will be remembered for extending all helps during the course of study.

The author wishes to express sincerest thanks to his family members for their everlasting encouragement and affections.
