5.2.3 ANOVA test for the difference in the perceived service quality and its dimensions for HDFC Bank customers on the basis Income

5.2.4a ANOVA test for the difference in the perceived service quality and its dimensions for HDFC Bank customers on the basis Education

5.2.4b Mean and Standard Deviation of Service quality and its dimensions for different education groups

5.2.5a ANOVA test for the difference in the perceived service quality and its dimensions for HDFC Bank customers on the basis Occupation

5.2.5b Mean and Standard Deviation of Service quality and its dimensions for different Occupation groups

5.2.6 T-test for the difference in the perceived service quality and its dimensions for HDFC Bank customers on the basis of Marital Status

5.2.7a ANOVA test for the difference in the perceived service quality and its dimensions for HDFC Bank customers on the basis Frequency of visiting

5.2.7b Mean and Standard Deviation of Service quality and its dimensions for different Frequencies of visiting the bank

5.2.8a ANOVA test for the difference in the perceived service quality and its dimensions for HDFC Bank customers on the basis years of relationship

5.2.8b Mean and Standard Deviation of Service quality and its dimensions for different years of relationship with the bank

5.3.1 T-test for the difference in the customer satisfaction of HDFC Customers on the basis of gender

5.3.2 T-test for difference in the customer satisfaction of HDFC Customers on the basis of Marital Status
5.3.3a ANOVA test for the difference in the customer satisfaction of HDFC Customers on the basis of Age, Income, Education, Occupation, Frequency of visiting and Years of Relationship with the bank

5.3.3b Mean and Standard Deviation of Service quality and its dimensions for different years of relationship with the bank

5.4.1a Correlation Coefficients between service quality, its dimensions and customer satisfaction for the entire group of HDFC bank customers

5.4.1b Regression Models’ between Service quality and Customer Satisfaction for HDFC Bank Customers

5.4.1c Regression Coefficients between service quality, its dimensions and customer satisfaction for the entire group of HDFC bank customers

5.4.2a Correlation coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Gender and Age

5.4.2b Regression Models’ Characteristics between Service Quality and Customer Satisfaction of HDFC Bank Customers on the basis of Gender and Age.

5.4.2c Regression Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Gender and Age

5.4.3a Correlation Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Income and Education

5.4.3b Regression Models’ Characteristics between Service Quality and Customer Satisfaction of HDFC Bank Customers on the basis of Income and Education
5.4.3c Regression Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Income and Education

5.4.4a Correlation Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis Occupation and Marital Status

5.4.4b Regression Models’ Characteristics between Service Quality and Customer Satisfaction of HDFC Bank Customers on the basis of Occupation

5.4.4c Regression Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis Occupation

5.4.4d Regression Models’ Characteristics between Service Quality and Customer Satisfaction of HDFC Bank Customers on the basis of Marital Status

5.4.4e Regression Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Marital Status

5.4.5a Correlation Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Frequency of visiting and Years of relationship with the bank

5.4.5b Regression Models’ Characteristics between Service Quality and Customer Satisfaction of HDFC Bank Customers on the basis of Frequency of visiting the bank

5.4.5c Regression Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of frequency of visiting the bank
5.4.5d Regression Models’ Characteristics between Service Quality and Customer Satisfaction of HDFC Bank Customers on the basis Years of Relationship with the Bank.

5.4.5e Regression Coefficients between Service quality, its various dimensions and Customer satisfaction of the HDFC Bank customers on the basis of Years of Relationship with the Bank

5.5.1 T-test for the effect of Gender on the perceived service quality and its dimensions for SBI customers

5.5.2a ANOVA test for the effect of Age on the perceived service quality and its dimensions for SBI customers

5.5.2b Mean and Standard Deviation of Service quality and its dimensions for different Age groups

5.5.3a ANOVA test for the effect of Income on the perceived service quality and its dimensions for SBI customers

5.5.3b Mean and Standard Deviation of Service quality and its dimensions for different Income groups

5.5.4a ANOVA test for the effect of Education on the perceived service quality and its dimensions for SBI customers

5.5.4b Mean and Standard Deviation of Service quality and its dimensions for different Education groups

5.5.5a ANOVA test for the effect of Occupation on the perceived service quality and its dimensions for SBI customers

5.5.5b Mean and Standard Deviation of Service quality and its dimensions for different Occupation groups

5.5.6 T-test for the effect of Marital Status on the perceived service quality and its dimensions for SBI customers

5.5.7a ANOVA test for the effect of Frequency of visiting the bank on the perceived service quality and its dimensions for SBI customers
5.5.7b Mean and Standard Deviation of Service quality and its dimensions for different Frequencies of visiting the bank
5.5.8a ANOVA test for the effect of Years of relationship with the Bank on the perceived service quality and its dimensions for SBI customers
5.5.8b Mean and Standard Deviation of Service quality and its dimensions for different years of relationship with the Bank
5.6.1 T-test for the effect of Gender on the Customer Satisfaction of SBI customers
5.6.2 T-test for the effect of Marital Status on the Customer Satisfaction of SBI customers’
5.6.3a ANOVA test for the Effect of Age, Income, Education, Occupation, Frequency of visiting and Years of Relationship with the bank on the customer satisfaction of SBI Customers
5.6.3b Mean and Standard Deviation of the Customer Satisfaction of SBI customers on basis of Age, Occupation and frequency of visiting the bank
5.7.1a Correlation coefficients between service quality, its dimensions and customer satisfaction for the entire group of State Bank India customers
5.7.1b Regression Models’ Characteristics between Service Quality and Customer Satisfaction for entire group of SBI Customers
5.7.1c Regression Coefficients between service quality, its dimensions and customer satisfaction for the entire group of SBI customers
5.7.2a Correlation coefficients between service quality, its dimensions and customer satisfaction for SBI customers on the basis of Gender and Age
5.7.2b Regression Models’ Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis of Gender

5.7.2c Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Gender

5.7.2d Regression Models’ Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis of Age

5.7.2e Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Age

5.7.3a Correlation coefficients between service quality, its dimensions and customer satisfaction for SBI customers on the basis of Income and Education

5.7.3c Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Income

5.7.3d Regression Models’ Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis Education

5.7.3e Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis Education

5.7.4a Correlation coefficients between service quality, its dimensions and customer satisfaction for SBI customers on the basis of Occupation and Marital Status

5.7.4b Regression Models’ Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis of Occupation
5.7.4c Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Occupation

5.7.4d Regression Models' Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis of Marital Status

5.7.4e Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Marital Status

5.7.5a Correlation coefficients between service quality, its dimensions and customer satisfaction for SBI customers on the basis of Frequency of visiting the bank

5.7.5b Regression Models' Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis of Frequency of visiting the bank

5.7.5c Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Frequency of visiting the bank

5.7.6a Correlation coefficients between service quality, its dimensions and customer satisfaction for SBI customers on the basis of Years of Relationship with the Bank

5.7.6b Regression Models' Characteristics between Service Quality and Customer Satisfaction for SBI Customers on the basis of Years of Relationship with the Bank

5.7.6c Regression Coefficients between service quality, its dimensions and customer satisfaction for the SBI customers on the basis of Years of Relationship with the Bank
5.8.1 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Gender

5.8.2 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Age

5.8.3 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Income

5.8.4 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Education

5.8.5 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Occupation

5.8.6 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Marital Status

5.8.7 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of frequency of visiting the Bank

5.8.8 T-test comparing the perceived service quality and its dimensions for the HDFC Bank and SBI customers on the basis of Years of Relationship with the Bank

5.9.1 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers

5.9.2 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Gender

5.9.3 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Age

5.9.4 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Income
5.9.5 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Education

5.9.6 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Occupation

5.9.7 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Marital Status

5.9.8 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Frequency of visiting the bank

5.9.9 T-test comparing the Customer Satisfaction of HDFC Bank and SBI Customers on the basis of Years of relationship with the bank

5.10.1 Correlation coefficients between service quality, its various dimensions and customer satisfaction for the entire group of HDFC and State Bank India customers

5.10.2 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Gender

5.10.3 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Age

5.10.4 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Income

5.10.5 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Education

5.10.6 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Occupation
5.10.7 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Marital Status

5.10.8 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Frequency of visiting the bank

5.10.9 Correlation coefficients between service quality, its various dimensions and customer satisfaction of HDFC and State Bank India customers on the basis of Years of relationship with the bank
