ACKNOWLEDGEMENT

Each stepping stone to success, hard work, training and discipline was given to me by lots of special people to whom I would like to extend my heartfelt gratitude.

I make use of this precious opportunity to express my heartfelt gratitude and sincerest thanks to my learned teacher and supervisor Prof. L. Sam S. Manickam, Professor of Clinical Psychology, Department of Psychiatry, JSS Medical College Hospital, JSS University, Mysuru, for his able guidance and sincere advice without which this work would not have materialized. I am extremely thankful to him for the encouragement and help that he rendered at almost every step during the course of study. In fact he had been a constant source of inspiration and encouragement for me. Simplicity, kind heartedness and a loving nature are the qualities that embody his gracious personality. His paternalistic concern, perfectionism, hard-working nature, always striving towards excellence are qualities beyond comparison. In short, I am indebted to him for all my life.

I thank Dr. T. S. Sathyanarayana Rao, former Head of the Psychiatry Department, JSS Medical College Hospital, JSS University, Mysuru, for motivating and encouraging me throughout the period of my study.

I thank Dr. Rajesh Raman, Professor and Head of the Psychiatry Department, JSS Medical College Hospital, JSS University, Mysuru, for his support and encouragement throughout the period of my study.

I am thankful to the Principal of JSS Medical College, Mysuru, for admitting me into the doctoral programme in this esteemed institution.

I extend my thanks and a deep sense of gratitude to my learned teacher Dr. Lancy D’Souza, Associate Professor, Department of Psychology, Maharajas College, Mysuru,
for being the doctoral committee member and rendering his personal attention on my concerns, reassuring gaze followed by eager to help attitude & extending all the requisite facilities whenever approached.

I render my sincere thanks to Dr. Sreeshakumar, Associate Professor of Psychology, and Principal, Government First Grade College, H.D. Kote, for being the doctoral committee member and rendering his valuable ideas whenever approached.

I thank Dr. Immanuel Thomas, Professor and Head, Department of Psychology, University of Kerala, for providing me his valuable suggestions at various stages of my research, irrespective of his busy schedule and the distance.

It gives me great pleasure to convey my deep gratitude to Dr. Uma Hirisave, Professor of Clinical Psychology, Department of Clinical Psychology, NIMHANS for providing me her valuable insights for my research.

I render my sincere thanks to late. Dr. P. Kalaiah, formerly Professor of Clinical Psychology, Department of Psychiatry, JSS Medical College Hospital, JSS University Mysuru, for helping me in translating and adapting the research tools in Kannada Language.

I render my sincere thanks to Dr. S. K. Kiran Kumar, Professor of Psychology and ICSSR Senior Research Fellow, for providing me insights on procedures to validate the research tools.

It gives me great pleasure to convey my deep gratitude to Dr. Nancy Darling, Professor, Department of Psychology, Oberlin College, United States, who not only permitted me to modify the tool constructed by her for my study but also provided guidance on the procedures to study the parenting styles of adolescents.
My heartfelt thanks to Dr. James B. Weaver, Senior Health Communication Scientist, Office of the Associate Director for Communication, who permitted me to use Gender Role Inventory, for my research.

I render my sincere thanks to Dr. Mrigaya Sinha the author of Shyness questionnaire who permitted me to modify her questionnaire.

I extend my profound sense of gratitude to the Block Education Officers of south zone, Department of Education/Government of Karnataka, who permitted me to collect data from different schools.

I thank the principals and the teachers of the schools for providing me all the support and cooperation for the smooth collection of data.

I sincerely thank all the parents who permitted and encouraged their adolescents to participate in the study.

I am very grateful to all the participants of the study, without who’s participation the research would not have been completed.

I thank all the faculty members of the Department of Psychiatry, Dr. Dushad Ram, Dr. M. Kishore, Dr. Shivananda Manohar, Dr. Bindu Annigeri, Dr. Nawab Akhtar Khan, and Sri. V. S. T. Krishna, for encouraging me for completing this research.

I thank Dr. G. Vikram, N. Ravi, K. Shreedhar Raj, Roopa Abhimat, M. Selva Kumar and all others for the help they have rendered to me.

It gives me great pleasure to and my brother, sisters and their families who have continuously supported and encouraged me in completing this course.

Last but not the least I am happy to thank my dear friends Anju Annie Eapen, M. P. Sajit,
Sharon Ammanna, Kruthi Reddy, Shiv Kumar and B. S. Renuka who were like backbone to me without whom I would not have completed my research successfully.

Above all, these I thank the Almighty for his immense blessings He has showered up on me in every step of my life.

AMBREEN AFSHAN
