ACKNOWLEDGEMENT

I immeasurably thank ALMIGHTY GOD who blessed me with knowledge, dedication, involvement, confident and health to undertake and complete this work successfully.

Words are insufficient to express my deep sense of thankfulness to my beloved guide Dr. V. Aldous J. Huxley, Head of the department of Biotechnology, Malankara Catholic College, Mariagiri, Kaliyakkavillai, Kanyakumari District, for guiding me throughout my project work with extensive discussion, dedicated and systematic scientific approach, expertise comments, constant encouragement, scholarly insight and friendly concern, which led the fruitful completion of this thesis.

With immense pleasure, I owe indebtedness and obligation to my co guide Dr. S. L. Sasikala, Reader, Centre for Marine Science and Technology, Manonmaniam Sundaranar University, Rajakkamangalam, Kanyakumari District, for guiding me in a proper way throughout my study period, constructive criticism at every stage which helped me to complete the thesis in time.

My special thanks to Dr. A.P. Lipton, Professor and Head, Centre for Marine Science and Technology, Manonmaniam Sundaranar University, Rajakkamangalam, for his whole hearted support and encouragement during the course of study.

I whole heartedly thank Dr. A.C.C. Victor, office in charge and Mr. J.X. Rodrigo, Micro algal culturist, Tuticorin Research Center of central Marine Fisheries Research Institute, for having permitted me to avail the culture and facilities of institutions.

I wish to record my sincere thanks to the Dean, Kanyakumari district medical college hospital for having permitted me to take survey and samples from infected persons.
I gratefully acknowledge Dr. P.S.S. Ramkumar, Assistant professor, Department of pharmacognosy, Ultra college of pharmacy, Madurai for providing valuable ideas regarding animal studies and for having permitted to avail the animal house and facilities of institutions.

I extend my sincere thanks to my friend Mr. K.P. Srinivasa Kumar, Clinical Research Trainee, Reliance clinical Research, Mumbai, who helped me to perform GC-MS analysis.

I am grateful to Er.C.Tayaparan, chairman, and the Principal Prof. R. Subash Chandra Bose, Udaya school of Engineering, Vellamodi for granting permission and providing all the facilities to carryout the work in their institution. I am also indebted to my beloved students and colleagues Prof. A. Ramasubramanian, Mr. U. Nagarajan, Mr. N. Kumar, Mr. A. Saravanan, Dr. A. Renu, Dr. S.Viveka, Miss. C. Angel Rose Mary, Mrs. T. Mary Vijaya, Mr. Diju Belston, Miss. Fathima Rizwana and Mrs. T. P. Sudha for adding gloss to this portrait.

I extend my sincere thanks to my friends Mr. V. Sivaram and Mr. R. Thangaraj for their renderness help throughout the work.

I offer my heartfelt gratitude to my Parents and family for their blessings, prayers, untiring support, encouragement and patience while carrying out this study.

(S. PRAKASH)
