ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Prof K. K. Achary, Chairman, Department of Post Graduate Studies and Research in Statistics, Mangalore University, for the timely invaluable guidance and encouragement given to me during the course of my research.

I am thankful to Sri A. Ganagadharan Nair, former Principal, Nehru Arts and Science College, Kanhangad and the Management of Nehru Arts and Science College, Kanhangad for granting me study leave to undertake this research. I am also thankful to the University Grants Commission for the financial assistance provided through Junior/Senior Research Fellowship.

I am extremely grateful to Dr. M. Kumaran Nair, Head of the Department of Statistics, Nehru Arts and Science College, Kanhangad, for the constant support, valuable suggestions and encouragement given to me throughout the course of this research work.

I also extend my sincere thanks to Dr K Aruna Rao, Dr. T P M Pakkala and Dr B Ismail, faculty members of the Department of Statistics, Mangalore University for their help and encouragement.

I am grateful to the authorities of the Mangalore University for providing the necessary facilities to carry out this research work. My thanks are also due to the reviewers of various national/international journals for their valuable suggestions.

My sincere thanks are also due to my friends and all those who have, directly or indirectly, rendered their help during the various stages of the preparation of this thesis.

Geetha K K
