4.1  Relationship Between Age of the Respondents and their Monthly Income  107

4.2  Relationship Between Age of the Christian Women and their Monthly Income: Chi-Square Test  109

4.3  Relationship Between Age of the Muslim Women and their Monthly Income: Chi-Square Test  110

4.4  Relationship Between the Education of the Respondents and their Monthly Income  111

4.5  Relationship Between the Education of the Christian Women and their Monthly Income: Chi-Square Test  112

4.6  Relationship Between Education of the Muslim Women and their Monthly Income; Chi-Square Test  113

4.7  Relationship Between the Marital Status of the Respondents and their Monthly Income  114

4.8  Relationship Between the Marital Status of the Christian Women and their Monthly Income: Chi-Square  115

4.9  Relationship Between the Marital Status of the Muslim Women and their Monthly Income: Chi-Square Test  116

4.10 Relationship Between the Nature of Family and their Monthly Income of the Respondents  117

TABLE NO.   TITLE                                    PAGE NO.

4.11 Relationship Between the Nature of Family of Christian Women and their Monthly Income: Chi-Square Test  118

4.12 Relationship Between the Nature of Family of Muslim Women and their Monthly Income: Chi-Square Test  119

4.13 Relationship Between the Family Size of the Respondents and their Monthly Income  120
4.14 Relationship Between the Family Size of the Christian Women and their Monthly Income: Chi-Square Test 121

4.15 Relationship Between the Family Size of the Muslim Women and their Monthly Income: Chi-Square Test 122

4.16 Relationship Between the Earning Members in the Family of the Respondents and their Monthly Income 123

4.17 Relationship Between the Earning Members in the Family of the Christian Women and their Monthly Income: Chi-Square Test 125

4.18 Relationship Between the Earning Members in the Family of the Muslim Women and their Monthly Income: Chi-Square Test 127

4.19 Relationship Between Nature of Housing of the Respondents and their Monthly Income 127

4.20 Relationship Between Nature of Housing of the Christian Women and their Monthly Income: Chi-Square Test 128

4.21 Relationship Between Nature of Housing of the Muslim Women and their Monthly Income: Chi-Square Test 129

4.22 Relationship Between the Occupation of the Respondents and their Monthly Income 131

4.23 Relationship Between the Occupation of the Christian Women and their Monthly Income: Chi-Square Test 133

4.24 Relationship Between the Occupation of Muslim Women and their Monthly Income: Chi-Square Test 135

4.25 Relationship Between Spouses States of the Respondents and their Monthly Income 136

4.26 Relationship Between Christian Women’s Spouses Status and their Monthly Income: Chi-Square Test 137
4.27 Relationship Between Muslim Women’s Spouses’ Status and their Monthly Income: Chi-Square Test 138

4.28 Relationship Between Monthly Income of the Respondents and their Monthly Income of the Spouse 139

4.29 Relationship Between Monthly Income of the Christian Women and Monthly Income of their Spouses: Chi-Square Test 141

4.30 Relationship Between Monthly Income of the Muslim Women and Monthly Income of their Spouse: Chi-Square Test 143

4.31 Relationship Between Material Possessions of the Respondents and their Monthly Income 144

4.32 Relationship Between Material Possession of the Christian Women and their Monthly Income: Chi-Square Test 145

4.33 Relationship Between the Material Possessions of the Muslim Women and their Monthly Income: Chi-Square Test 147

4.34 Relationship Between Monthly Family Income of the Respondents and their Monthly Income 148
