Acknowledgment

I take this opportunity to express my deep sense of gratitude to my research guide, Dr. T. Pathak for not only giving guidance but also for inspiration. His never diminishing encouragement in the progress of my work is gratefully acknowledged.

I would like to thank Dr. K. N. Ganesh for his constant encouragement. I am also grateful to Dr. M. S. Shashidhar and Dr. A. A. Natu for their cooperation in the laboratory.

Help from Spectroscopic, Microanalytical and Library group is gratefully acknowledged. Special thanks are due to Mr. A. G. Samuel for doing special NMR experiments. I extend my thanks to Dr. G. J. Langley (The University, Southampton, UK) for providing me high resolution mass data of some compounds.

Special thanks are due to my colleagues, Dr. Sakthivel, Rajeev, Tanya, Praveen, Bindu, Kapil, Vasant, Gopal, Anand, Vipul, Ramesh, Pallan, Anita, Gangamani, Nagmani, Moneesha, Dr. Lee and Dr. Sanjayan, Dr. Mrinalini, Dr. Vaijanthi for maintaining cheerful atmosphere in and around NCL. Thanks are due to Mr. R. B. Makhar and Sunil for their help in day to day laboratory maintenance.

Many thanks are due to my friends, Sourav, Sanjoy, Rasidul, Surojit, Nepu, Debasish, Manas, Soumen, Sukhen, Nabin, Tapan, Tomal, Anil, Subarna, Krishanu, Sunil and others for their cheerful company.

I would like to thank Prof. Amalendu Banerjee, Jadavpur University, for his constant encouragement.

Thanks are due to my family members for their for their support and encouragement throughout my education.

Finally I am grateful to the UGC for the financial assistance and to the Director, NCL, Pune, for permitting me to submit this work in the form of thesis.

(Sanjib Bera)
