ACKNOWLEDGEMENT

I place on record my humble gratitude to God the Almighty for His omnipresence presence and inspiration, throughout this research work and words fail to suffice the strength He infused in me in my endeavour.

I wish to express my heart full gratitude to my guide Dr. K. Natarajan., Head (Retd.), Department of Plant Biology & Plant Biotechnology, St. Xavier’s College (Autonomous), Palayamkottai, Tirunelveli whose encouragement and consistent attention were the prime source of inspiration for me in carrying out this dissertation. He has been the guiding spirit of this research. But for his enlightened suggestions, the research would not have taken this shape.

I am deeply indebted to Rev. Dr. Alphonse Manickam S.J., Principal, St. Xavier’s College (Autonomous), Tirunelveli for providing me an opportunity to do my research work in the college.

I am very much indebted to Janab. V.M. Jafarullah Khan, Secretary, Dr. Zakir Husain College, Ilayangudi for providing me an opportunity to do my research work.

I am very much grateful to Dr. A. Saravana Ganthi, Asst. Professor of Botany, Rani Anna Govt. College for Women, Tirunelveli for his constant encouragement, timely advice and valuable suggestions for this research work.
