ACKNOWLEDGEMENT
Words fail to express my deep feeling of gratitude and sentiments for my esteemed and learned teacher Dr. U.C. Sharma, M.D., D.A., Reader in Anaesthesiology who introduced me to the subject and took a keen interest in my work throughout the period of study. He was a constant source of guidance and inspiration without which it would not have been possible for me to complete this task.

My most sincere thanks are due to Prof. B.C. Joshi, M.D., D.A., whose constant help and advice came a long way towards the progress of this study.

I must acknowledge my thanks to Dr. P. Sahi, M.D., D.A., lecturer in Anaesthesiology for his keen interest and timely advice during all stages of preparation of this work.

I am extremely grateful to Prof. R.B. Srivastava, M.D., D.P.H., D.I.H., M.A., M.S., Prof. and Head of Department of S.P.H. and Dr. S.L. Srivastava, M.D., D.A., for their timely help without which this task would not have been possible. My thanks are due to Dr. S.P. Atri, M.S., F.R.C.S., Dr. D.D. Verma, M.D., D.A., Dr. Aditya Kumar, M.D., D.A., and Dr. Chitra Tyagi, M.D., D.A., for their kind help and advice.
Thanks are also due to Dr. B.L. Verma and Sri S.D. Mathur for their kind help in statistical analysis.

I take this opportunity to thank all my colleagues and friends for their time to time help and co-operation.

I owe sincere thanks to Sri Siddiqu Ali for his neat manuscript.
