Acknowledgment

While submitting my thesis at the feet of Almighty, I place on record that I am greatly indebted to Prof. E. Sampathkumar, Professor Emeritus, University of Mysore, Mysore, for his generosity in suggesting new directions for research, for his constant and consistent encouragement and inspiration throughout my research work. In fact the research work carried out by me is essentially based on his concept of regular domination. Mere words cannot express my heartfelt gratitude to Prof. E. Sampathkumar, who is a great veteran and doyen of Graph Theory and Guru of Gurus.

I am extremely thankful to my respectful guide Dr V. Swaminathan, Madurai for his constant guidance and encouragement throughout my research work. My sincere gratitude for his fatherly affection and dedicated efforts, for the progress of my research work.

I express my indebtedness to Dr.(Mrs).Lalitha Swaminathan, Head, Department of Physics, Fatima College, wife of my guide, for her affection, hospitality, care and continuous encouragement during my visits to the house of my guide for research discussion.
It is my bounden duty to express my sincere and respectful thanks to the Managing Director Dr. K.V. Kuppusamy, Managing Trustee Sri. K. Senthil Ganesh and Secretary Dr. H. Newman of R.V.S. College of Arts and Science, Sulur, Coimbatore for their kind support and encouragement given to me to carry out my research work. My sincere thanks go to the Principal, Dr. Thirunavukarasu, R.V.S. College of Arts and Science, Sulur, Coimbatore for his suggestions, support and encouragement for doing my research work. I also extend my sincere thanks to the Vice Principal Sri. T.B. Fenn, R.V.S. College of Arts and Science, Sulur, Coimbatore and Advisor Dr. Mohmmand Mubrack.

My Parents not only shower their affection on me but also feel one with me with their profound enthusiasm in every stage of my improvement. What I am today is entirely due to their everlasting blessings I receive from them. My gratefulness to them is as great and deep as their well wishes for me. While offering my gratitude at their feet, I also seek for their blessings and encouragement throughout my life.

I gratefully acknowledge the endurance, encouragement during the entire period of my research work, loving concern and understanding shown by my wife Mrs. V. Rani Samyuktha, her timely assistance to prepare my
thesis and my loving child V.Ezhil Karthi who kindly tolerated his father’s absence for weeks. I am grateful to my Mother-in-law and Father-in-law for their strong encouragement and blessings given to me during my research work.

A special word of thanks to Dr. S. P. Subbiah S. G. Lecturer, Mannar Thirumalai Naicker College, Pasumalai, Madurai and Dr. P. Viswanathan, S. G. Lecturer, Mannar Thirumalai Naicker College, Pasumalai, Madurai. They spared most of their precious time for me, giving all kinds of support for the progress of my research work, inspite of his busy multifarious activities. Their encouragement helped me a lot to successfully complete my research work. A special word of thanks and my sincere gratitude to Dr. C. V. R. Hari Narayan, Asst. Prof., Dept of CSE, K. L. N. College of Information Technology for his valuable help in making me understand and use \LaTeX and \TeXCAD, giving necessary instructions, patiently and clearing the doubts as and when required.

My heartfelt thanks to Dr. P. Amalorpavamary, Head, P. G. Department of Mathematics, Fatima College, for proof-reading in order to enhance the presentation of this thesis.
A special word of thanks to Mr. R. Sundareswaran, Research Scholar, Ramanujan Research Centre, Saraswathi Narayanan College, Madurai. He spared most of his precious time for me, giving all kinds of support for the progress of my research work. His encouragement helped me a lot to successfully complete my research work.

Finally, to The Ultimate Fountain of Wisdom who sustains me through troubled and triumphant times, my humble offering of thanks.

N. Venkataraman
