ACKNOWLEDGEMENT

In spite of fact that just my name shows up on front of this postulation, numerous individuals have added to its generation. I owe my appreciation to each one of individuals who have made this work conceivable and in view of whom my experience has been one I will treasure until end of time.

Principal, I might want to express my true appreciation to my aide, Dr. Anil G. Jadhav, for ceaseless backing for my Ph. D contemplate and related examination, for his understanding, inspiration, and giving me huge information. He gave me flexibility to investigate all alone, and in meantime gave his direction to hone my insight. He taught me how to scrutinize contemplations and express thoughts. His supervision helped me right from season of exploration till fruition of composing of this proposition. He guided how to get by in emergency circumstances and speedily finish exploration and documentation work. I couldn't have had superior counselor and coach for my Ph. D study.

My true on account of Dr. Sachin B. Narkhede and Dr. Ankit H. Merai, who offered access to labs and examination offices. They were dependably there to give their inputs and guide. I am profoundly appreciative to them for long dialogs that offered me some assistance with sorting out specialized points of interest of my work. Without their valuable bolster it would not have been conceivable to lead this examination. I might likewise want to thank research facility associate, Mr. Anil Kunwar, who helped me by giving all required chemicals and reagents.

I have been amazingly blessed to have Mr. Rahul B. Desai, furthermore Mr. Chirag K. Desai and Mr. Kantilal B. Narkhede, as big cheeses in fruition of my work. Their backing and mind offered me some assistance with overcoming difficulties and stay concentrated on my study. I extraordinarily esteem their fellowship and welcome their confidence in me. I profoundly say thanks to Rahul for having confidence in me and for resuscitating my confidence when my strides wavered. Likewise I thank my kindred lab-mates for incitement exchanges, for restless evenings we cooperated before due dates, and for all fun we had in most recent three years.
Above all, none of this would have been conceivable without adoration and persistence of my gang. My quick family, to whom this proposition is committed to, has been steady wellspring of adoration, concern, backing and quality every one of these years. I might want to express my genuine appreciation to my family and my more distant family to aid and empowering me all through this endeavour.
