ACKNOWLEDGEMENTS

Every human being visualizes a dream. My dream was to be a Doctorate. This dream is coming true today: And it would not have been possible without the invaluable guidance I received from my guides Prof. D. B. Phatak, IIT Bombay and Prof. A. R. Yardi, WCE Sangli. Their constant encouragement, precious guidance with thought provoking hints and support has lead me to come so far.

To exemplify my guru’s virtues I feel Sant Kabira’s Doha is most appropriate:

Guru Ki Mahima Anant
Anant Kiya Upkar |
Lochan Anant Ughadiya
Anant Dikhavan Har ||

I honestly do not feel it appropriate to thank my mentors. Rather than that I would like to be indebted to them for the rest of my life. This thesis would not have been possible if not for their valuable support.

Just the observance of my guides taught me the basic necessities of a computer professional, and that is adaptability and thrust for knowledge. Their two mantras, the first being “No Compromise for Quality” and the second being “No Shortcut to Success” have molded and nurtured my work culture.

My sincere thanks to the management of Walchand Institute of Technology, Solapur and Principal Dr. S. A. Halkude for their encouragement and advice which they extended regularly.

My special thanks are due to my colleagues and friends Prof. S. R. Deshpande, Prof. R. B. Kulkarni, Prof. S.G. Pukale, and Mr. D. B. Shinde, who extended their help and efforts from time to time. My thanks are also due to our family friends Mrs. Rangrej and Mrs. Wadwan who helped me in finalizing the thesis.
Me special thanks are due to Mrs. P.B. Phatak, who was never tired of receiving, and treating me as a guest on my innumerable visits to IIT, Bombay.

My thanks are also due to my late father-in-law Shri S. D. Gadekar and Dr. S. D. Madnaik, who taught me to dream. My thanks are also due to my mother-in-law Smt. C. S. Gadekar for her timely help.

My late father Shri Dasharath Raut and mother Smt. Maltibai Raut, to whom I owe my very existence, have been the source of inspiration and strength for me and I take this opportunity to express my indebtedness to them. My thanks are due to my sister Mrs. Sunita Gadekar for her timely help.

I am rather apologetic to my son Swapnil and daughter Neha for my non-availability to them, for which they never complained.

The acknowledgements cannot be completed without mentioning the constant encouragement, support, patience, and co-operation I received from my best friend and wife Mrs. Meenakshi Raut.
