5.3 Classification of Respondents Population by size of Groups
5.4 Classification of Respondents by Sex
5.5 Literary classification of Respondents
5.6 Classification of Literacy among Respondents Family
5.7 Occupational Structure of Respondents
5.8 Group-wise Land Holding (In Acre)
5.9 Classification of Respondents by Area under Betelvine Cultivation
5.10 Land Utilization of Different Groups for Different Crops
5.11 Classification of Respondents to the Possession of Land
5.12 Classification of Respondents according to Type of Plantation
5.13 Number of Seed Plants (Per Acre)
5.14 Classification of Respondents as per Sources of Finance for Fixed Capital
5.15 Classification of Respondents according to Composition of Fixed Capital
5.16 Classification of Respondents according to Source of Finance for Working Capital
5.17 Classification of Respondents according to Composition of Working Capital
5.18 Employment Generation in Betelvine Cultivation (Per Acre/Year)
5.19 Classification of Respondents according to Application of Manures and Fertilizers 109

5.20 Classification of Respondents according to Availability of Adequate manures 110

5.21 Classification of Respondents according to Source of Manures 110

5.22 Classification of Respondents according to Source of Fertilizers 111

5.23 Classification of Respondents as per use of Durables 112

5.24 Classification of Respondents according to Inducing for Betelvine Cultivation 113

5.25 Major Problems Faced in Betelvine Cultivation 115

5.26 Major Problems Faced by Respondents while Marketing of Betel-Leaves 118

5.27 Classification of Respondents according to Availability of Live Stock 120

5.28 Classification of Respondents according to Maintenance of Farm Accounting 122

5.29 Classification of Respondents for the Supply of Adequate Water 123

5.30 Classification of Respondents according to the Method of Irrigation 125

5.31 Classification of Respondents for Spraying 126

5.32 Classification of Respondents according to Acceptances of Advances 127

6.11 Cost of Cultivation according to Size Group-wise Dag Produced
6.12 Cost of Betelvine Cultivation (Per Acre)
6.13 Cost of Cultivation according to Type of Betel Leaves Dags Produced. (Per Acre)
6.14 Cost of Sales of Betel Leaves (Per Acre)
6.15 Cost of Cultivation and Cost of Sales (Per Dag)
6.16 Cost of Sales according to size Group-wise Dag Produced.
6.17 Cost of Sales per Acre of Betelvine Cultivation
6.18 Per Acre Cost of Sales according to Types of Betel Leaves Produced (In Dags)
6.19 Classification of Respondents according to Different Marketing Channels
6.20 Gross Sales according to Size Group-wise Dags Produced (Per Acre)
6.21 Gross Sales according to Per Acre of Betelvine Cultivation
6.22 Gross Sales according to Type of Betel Leaves Sold (Per Acre)
6.23 Period-wise Quantity (Dags) Sold and Gross Income Received (Per Acre)
6.24 Gross Income According to Size Group-wise Dag Produced and Sold (Per Acre)
6.25 Gross Income According to Per Acre of Betelvine Cultivation
6.26 Gross Income according to Type of Betel Leaves Sold (Per Acre) 171
6.27 Net Income from Size Group-wise Dags Produced and Sold (Per Acre) 172
6.28 Net Income according to Per Acre of Betelvine Cultivation 173
6.29 Net Income according to Type of Betelvine Sold. (Per Acre) 174
6.30 Price Spread of Fapada Type of Leaves 177
6.31 Price Spread of Kalli Type of Leaves 178
