ACKNOWLEDGEMENTS

It is a great pleasure to express and record my sincere thanks,

To Dr. D. K. Banerjee, Associate Professor, School of Environmental Sciences, Jawaharlal Nehru University, New Delhi, for his incessant guidance, constructive criticism, encouragement and generous help throughout the study period.

To Prof. K. Krishnamurthy, Professor and former National Environment Fellow, Centre of Advanced Study in Marine Biology, Annamalai University, Porto Novo, for kindly agreeing to be my co-guide, as well as for his scholarly guidance, criticism and consistent encouragement during the period of study.

To The Dean, School of Environmental Sciences, Jawaharlal Nehru University, New Delhi, for providing necessary facilities.

To Prof. J. M. Dave, Professor, School of Environmental Sciences, J. N. U. New Delhi, for giving very useful hints and suggestions.

To Prof. R. Natarajan, Director, C. A. S. in Marine Biology, Annamalai University, Porto Novo, for providing laboratory facilities.
To Secretaries of Indian National Science Academy, New Delhi and Department of Science and Technology, New Delhi, for providing travel grant to present a paper, a part of this work, in an international symposium held at Louisiana State University, Baton Rouge, Louisiana, U.S.A. in June 1984.

To Dr. H. Chabreck, Professor, Louisiana State University, Baton Rouge, U.S.A. for giving useful suggestions.

To Dr. Warren Pulich Jr., Marine Science Department, University of Texas, Port Aransas, U.S.A. for providing valuable literature and suggestions.

To Mr. K. Bheemalingeshwar, Technical Assistant, Dept. of Geology, University of Delhi, for rendering the help in AAS analysis.

To Mr. R. Rajan, Teacher Fellow, C.A.S. in Marine Biology, Porto Novo, for providing old sediment samples and associated data, which are of great value in the present study.

To the University Grants Commission, New Delhi, for the award of a research fellowship.

To my friends, specially Dr. R. Palaniappan, Dr. S. Sambasivam, Dr. P. Subramanian, Mr. P. Perumal all from C.A.S. in Marine Biology, Porto Novo and Mr. P. A. Azeez.
Mr. R. Narmayan, Mr. R. M. Sharma, research scholars, School of Environmental Sciences, J.N.U. New Delhi, and many other friends who helped me in various ways.

To Mr. Dipankar Sur for his technical assistance, and Mr. H. K. Batra for neatly typing this thesis.

Last, but not the least, to all those fishermen, to whom I 'DEDICATE' this thesis, for their untiring help during sample collection, without whom, the purpose of this study is incomplete and meaningless.
