Acknowledgement

First and foremost I want to thank my respected Supervisor Prof. Kamal Dev for his scholarly guidance, encouragement and inspiration. I appreciate his contributions of time, ideas and invaluable suggestions. I would like to thank him for encouraging my research and for allowing me to grow as a research scientist. His advice on both research as well as on my career have been priceless. I would like to express my special appreciation and thanks to Prof. Anuradha Sourirajan, for her guidance, motivation and support. I would also like to thank my advisory committee members, Prof. Anuradha Sourirajan, Prof. Saurabh Kulshreshtha, Dr. Astha Tripathi for their valuable suggestions and comments. I express my gratitude to Prof. K.L Dhar eminent scientist for his valuable advice to carry out research diligently. I am also thankful to Prof. D.R. Sharma for his help and advice.

Faculty of applied Sciences and Biotechnology is duly acknowledged for providing financial and infrastructural support.

I am greatful to Dr. Asha Chaubey, Chand Raina, PhD. scholars and all other members of Fermentation division, Indian Institute of Integrative medicine (IIIM) jammu (J&K) for their kind help and support in initiating my PhD research in IIM jammu. My sincere thanks also go to Lovely Bakshi and Dr. R.K Raina IIIM, jammu who helped me constantly throughout my research work tenure at IIIM.

I am highly obliged to Prof. P.K. Khosla, Hon’ble Vice Chancellor, Shoolini University and Prof. Sunil Puri, Dean Academics, Shoolini University for their kind guidance, deep inspiration and cooperation.

I owe a great deal of appreciation and thanks to all teaching and non teaching staff members of Shoolini University for their kind co-operation and support. I am immensely thankful to my collegues in Yeast Biology Laboratory (YBL) Shoolini University: Dr. Sujata Chauhan, Dr. Sonika Gupta, Dr. Parul Sharma, Dr. Ankita Deshta, Dr. Rampa Thakur, Divyanshi Sharma, Rajni Vaid, Nitin Sharma, Sonum Sharma, Shivani Vaidya and Shruti Sharma for invigorating discussions, all the valuable time spent with them in the last four years and for their help in carrying out research experiments. I would like to thank laboratory technicians of Shoolini university: Kishor Sagar, Jai Singh, Rakesh Thakur, Dilip Kumar, Anil and Roma for their kind help during my research work. I am thankful to my friends Vikas Kumar, Shikha Guleria, Shikha Rangra, Aditi Gupta,
Akshita Sharma, Mridula Gupta, Sunny Bindra, Shakoor, Poonam Singh, Poonam dillon, Mamta Sharma, Abhishek Bhardwaj, Rakesh, Parana, Deepika, Nitika Thakur and Kanchan Heer for their support and help in my doctoral studies.

I would also like to thank all of my friends who supported me in writing, and incented me to strive towards my goal. I wish to express a deep sense of appreciation and special thanks to my family. I offer my heartiest gratitude to my Mother, Father and Grand Parents for all of the sacrifices that they have made on my behalf. Their prayers have been of immense help for me to achieve my goal. At the end I would like express appreciation and lot of thanks to my brother Rohit Hangloo who was always supported me in tough moments and provided me every kind of help in my research. Thanks to God almighty for giving such a wonderful family and friends around and successful fulfilment of my Ph.D. research.

Thanks to all

Shiney Hangloo
