ACKNOWLEDGEMENTS

With a profound reverence, it gives me immense pleasure to express my deep sense of gratitude and high regard to my honored supervisor Dr Ram Raghubir, Dy Dir & Head, Division of Pharmacology, Central Drug Research Institute, Lucknow for his invaluable guidance, inspiring suggestions and continuous support throughout this study. Without his tutelage, sound counsel and sympathetic attitude towards all my shortcomings, this work would not have seen the light of day. Dr. Raghubir’s unique perspective and acumen in both science and life were motivating in many ways and has been a great source of inspiration to me.

I am immensely pleased in recording my sincere gratitude to Dr. R. Tuli Director CDRI and Dr CM Gupta, Ex Director CDRI for giving me opportunity to carry out the present research work in CDRI.

Further, I would also like to express my heartfelt thanks to Dr. C Nath and Dr SK Rath for constant encouragement and for being my esteemed referees for postdoc search. I also want to extend my appreciation to Mrs Rath for refreshing the home-like feelings.

Thanks also go to Dr. Sharad Sharma and Mr. SM Verma for their valuable help in histology studies. I also want to thank Mr. Vishwakarma and Ms. Manju for their help in flow cytometry studies.

I express my indebtedness towards Dr. AK Agarwal and Dr V Khanna Indian Institute of Toxicology Research, Lucknow, for helping me to understand the basic of receptor binding assays.

My profound thanks to all my lab colleagues; Rishi Sharma, Abhishek Desai, Nilendra Singh, Vikas Mishra, Pooja Tripathi and Jasmeet for their constant help, valuable suggestions and co-operation throughout the course of study.

I am pleased to extend my thanks to Dr. Kashif Hanif, Mrs. Sheeba Saji Samuel Mr. VS Nigam, Mrs. TL Seth and Mr. CP Pandey for their kind help and support. I want to convey my thanks to Mr. GP Singh, Mr. Varun Pathak, Mr. Shailendra Mohan, Mr. Kishori Lal, and Mr. Kishan Mishra for their timely help.

I would like to express my deepest recognition towards my friends/room mates, Venkata Prasuja Nakka and RajKumar Verma for the care, support and comfortable stay.

I would like to record my special thanks to my friend, Namratta for her motivation, encouragement and valued help in understanding the research work. I will always remain grateful to her.
There is no other way to express my deep sense of gratefulness to Sanjeev Noel for being my dependable true friend. His immense enthusiastic support, encouragements and upliftment is treasured. I am also glad to express my heartfelt appreciation to Santosh for making my life beautiful.

I acknowledge and appreciate CSIR-HRD group for providing the financial assistance in the from of JRF and SRF under most needed conditions.

I would like to offer my proud salutations to all my brothers; OP Mehta, Pappu, Ramesh Rattan, Rai Saab, Nitoo, sister; Nirmal Lata, brother-in-law; HC Kalta and sister-in-law; Meena, Shanti and Smita for their immense and unconditional love and upliftment. Their belief in me, gave me the energy to move on.

I do not find suitable words to acknowledge the inspiration and moral support provided by my parents, who always sacrificed their comforts to stand solidly by me during this long period.

Last of all but not the least I owe greatly to silent sacrifice of Sprague-Dawley rats.
