ACKNOWLEDGEMENTS

People say opportunity knocks the door at once, and I am greatly grateful to have such an opportunity to work with great people to whom I would like to give homage to those who helped me out to complete my thesis on time. It is true that life is a variety of species and I am grateful that in all bad and good times everyone stood shoulder to shoulder with me and never let me down. It has been a beautiful journey which could not be possible without their support, love and help.

First of all, I would offer heartfelt gratitude and sincere thanks to my advisor, mentor and guide Prof. (Dr.) Rakesh Duggal, Director, Poornima Group of Institutes, Jaipur for accepting me as a trainee and supervised me with his valuable guidance, critical comments, generous approach and correction of the thesis. The encouragement, thoughtful suggestions, discussions and continuous support in my Ph.D. study and research have immensely contributed to my journey of success. I am heartily thankful to him to act as a torch bearer in giving shape to my research work.

I would express my deep thanks to my co-guide Prof. (Dr.) Susmita Sharma, Professor, Poornima University, Jaipur for the trust, the insightful discussion, offering valuable advice, for your support during the whole period of the study, and especially for your patience and guidance during in my journey of success.

I extend my deep sense of gratitude and respect towards Prof. S. M. Seth, Chairperson, Poornima University and Chairman, Poornima Group of Colleges for his words of wisdom and advice to do something meaningful and contribute to subject.

I owe special thanks to Dr. Mahesh M. Bundele, Dean, R & D, Poornima University, for his extreme and contended support provided on each stage of difficulties, problems and teaching me research methodologies and also helping me in learning and effectively using different software’s. It would not have been as easy and possible without him.

My sincere thanks are also due to Shri Shashikant Singhi, Secretary, Shanti Education Society & Director General, Poornima Foundation and Dr. K. K. S. Bhatia, President, Poornima University, Jaipur for continuous support and encouragement.
I extend my deep sense of gratitude and respect towards Dr. Manoj Gupta, Dean, School of Engineering & Technology, Dr. Shilpi Saxena, Dean, School of Basic and Applied Sciences, Poornima University and Dr. Chandni Kriplani, Registrar, Poornima University for their words of wisdom.

I would like to express my sincere thanks to Dr. Tarkeshwar Senapati, Associate Professor, Poornima University for knowledgeable, inspirational sessions and encouragement throughout the research work. I express my deep and sincere gratitude to Prof. P. N. Dadhich, HOD, Department of Civil Engineering, Poornima Group of Institutions, Jaipur, for his consistent support and valuable suggestions during the entire work.

A special mention is added here for Mr. Devendra Somwanshi, Associate Professor, Poornima University for extending all facilities and guidance for accomplishing my research work.

I am also thankful to Mr. Harendra Singh for his critical reading of the manuscript and in improving the overall quality of the work.

My sincere thanks to Poornima University, Jaipur and Gurukul Institute of Engineering & Technology, Kota for providing me the necessary research facilities and for the all round help in the preparation my thesis. My heartfelt thanks to successive Chief Engineers, Superintending Engineers, Assistant Engineers of the Public Health Education Department, Kota for permitting the use of the data collected by the Department and for guidance in the present work.

I also would like to thank fellow research scholar Ms. Anurika Mehta for being helpful and supportive in various ways for the completion of this thesis and preparation of research papers.

I wish to gratefully acknowledge my friends and colleagues for their moral support, unshakable faith in my abilities and varied help throughout the period of my research work.

I could not end without thanking to my family for their constant encouragement, love and affection. I would like to pay special regards to my parents Shri. Raj Kumar Jain and Smt. Semma Jain for their patience and prayer for me. I am also thankful to my Father-in-law Mr. Manak Chand Jain and Mother-in-Law Smt. Asha Rani Jain for their great support in
all aspects of my life. I would like to thanks to my loving sister *Nikita Jain* and brother *Ashish Jain* for their immense pleasure, sense of completeness and added a zing to complete my thesis. Further, I would like to thanks to my Sister-in-Law *Apeksha Jain* who supported me.

With everlasting love and deepest gratitude to my husband *Ankit Jain* for his immense help and support me invariably to submit my thesis on time. He is the one who always encouraged me to expand my intellectual power and without his great help it was not possible to written this thesis. I am express deep thanking to my husband for his patience, love and understanding shows towards me in hard times.

I also thank all those who encouraged me with their valuable suggestions, cooperation and appreciation which enabled me to complete this work successfully. God may help me in my future endeavors.
